

Jet-Propelled Takeoff

"Phantom," the XFD-1, successfully executes a jet-propelled takeoff from the flight deck of the new carrier U.S.S. Franklin D. Roosevelt off Hampton Roads, Va. Designed as an interceptor, the XFD-1 can land at speed comparable to that of conventional carrier-based plane despite its top speed of more than 500 m.p.h.

They Go Round Together

Having fun on the merry-go-round at New York's Coney Island are 18-year-old Shorty Sprouse and his 79-year-old wife, Mattie, of Cat Hollow, Ky., who are still honeymooning. Shorty said the roosters down home don't come as big as the chandelier on which they're riding.

Cost Of Living Will Continue Rise---Gordon

He Surrendered In Montreal Shooting

Charged with the fatal shooting of Harry Davis, gambler and bookmaker, in Montreal betting house, Louis Bercowitz, right, alias Joe Miller, is seen with Det. Sgt. William Fitzpatrick as he surrendered. Bercowitz typed out his confession, police state. He declared his act was one of self-defence.

Lightning-Started Fires Burning In Island Forests

Several fires in the forests of the Lake Cowichan area and points north, ignited by the thunder storm which swept up-island districts late Sunday afternoon, were still burning this afternoon, it was believed here today by B.C. Forest Service headquarters.

None of the fires has been serious and all still burning are under control.

The storm which ranged from Lake Cowichan to points north

was described as the worst kind of lightning for starting forest fires. The service as yet has no statistics on the total number of blazes started by the lightning storm but said several had occurred.

One fire was reported in the Jordan River area Sunday but no details were available this afternoon on the extent of the damage.

It is possible this blaze is still burning.

Since humidity of the atmosphere has risen considerably since Sunday and since the lightning storms up-island were followed by heavy downpours, B.C. Forest Service headquarters reported it was unlikely that new blazes would start or difficulty would be experienced with the present lightning-started fires.

The extreme hazard of last week has been relieved.

Cross-Questioning Exasperates Officer

PHILADELPHIA (AP)—Police found a five-year-old boy riding his tricycle across an intersection and started routine questioning to learn his name and address. But it was a third degree for Police Sgt. William Rice, who asked:

"What's your name?"

"What's yours?"

"That's not the idea, I know my name."

"What do you do?" asked the boy.

"Why do you wear a uniform? Is this a police station? Why? Do you have a gun?"

"What's your name?"

The police teletype interrupted, and the boy quickly asked:

"What's that? Does it talk? Who owns it?"

The quiz kid on wheels took a couple of turns around the room on his tricycle, then resumed his catechism.

Rice stopped him and asked, "Who's your mother?"

"Mama."

The sergeant tried with ice cream. Down went the ice cream, up came the questions:

"Who paid for that? Where did he get it?"

Rice turned the boy over to a matron.

"I'm tired," said the boy. "Do you get tired?"

"I certainly do," roared Rice. "Police are hoping the boy's parents will show up."

U.S. Navy Vessels Far North In Arctic

WASHINGTON (AP)—A small contingent of navy and coast guard ships has penetrated through Arctic ice fields into the harbor of Thule, only 950 miles from the North Pole and the farthest north any large ship has reached at this season of the year.

Under command of Capt. Richard H. Curzen, who was second in command to Rear-Admiral Richard E. Byrd in his 1939-41 Antarctic Expedition, three ships broke through the ice fields Monday, July 22, and steamed into Thule, which is on Smith Sound above Baffin Bay.

The contingent was spearheaded by the navy converted icebreaker Whitewood, commanded by Lt.-Cmdr. William H. Daly, another member of the Byrd Expedition.

The ships will work northward in an effort to amplify existing knowledge of navigational and weather conditions in the Arctic and to provide cold weather routine training for the crews.

The expedition carried two patrol planes for reconnaissance over ice fields ahead of the ship.

Aboard the ships are scientists and weather technicians. In addition, officers of the Canadian navy, army and air forces are participating in the cruise. They are scheduled to return to Boston in October.

3-5 Years In Prison For Branding Girl

BOSTON (AP)—Lieut. Thomas Farrell today was sentenced to three to five years in state prison for branding 18-year-old Helen Stavre, but sentence was stayed after defence counsel announced he would appeal to the state Supreme Court.

Farrell was released on bail.

The 25-year-old flier was sentenced, specifically to three concurrent terms of three to five years on charges of assault and battery with a lighted cigarette, with a razor blade and assault with intent to maim, cripple and disfigure.

Will Not Suggest Wage Raise In Steel Industry

OTTAWA (CP)—Donald Gordon, Prices Board chairman, said today he expected living costs will continue to rise in the next few months.

Appearing before the Commons industrial relations committee and elaborating on evidence he gave last week, he said while he thought general wage increases of more than 10 cents would probably create an unmanageable situation in price control he did not presume to say the wage increase for the steel industry should be set at 10 cents.

Mr. Gordon had testified before the committee last week and members resumed questioning today. Attention centred on the steel situation in which some 15,000 workers are affected in strikes at Sydney, N.S.; Hamilton and Sault Ste. Marie, Ont.

Mr. Gordon told Arthur Smith, P.C., Calgary, West, that increased wages could be absorbed by higher production, but it did not always follow that as wages went up production increased also.

Mr. Gordon said his suggestion that increases in excess of 10 cents an hour would be fatal to price control had been interpreted "too definitely."

"I do not wish to be in the

Former R.A.F. Pilot Accused Of Murder

LONDON (CP)—Handsome Neville G. C. Heath today was charged formally with murdering pretty Doreen Marshall, whose horribly mutilated body was found three weeks ago at a seaside resort near Bournemouth.

The former R.A.F. pilot already is accused of the mutilation murder of a London film extra, Mrs. Margery Gardner.

His nude and butchered body was found in a London hotel room.

Bill May Extend N.H.A. Loans Over 25-Year Period

OTTAWA (CP)—Reconstruction Minister Howe today gave the Commons detailed explanation of a bill intended to broaden the powers of the National Housing Act to deal more effectively with Canada's housing crisis, which he previously said would be worse late this fall and reach its peak next spring.

Mr. Howe made the explanation in moving second reading on the bill, which also transfers to the Central Mortgage and Housing Corporation powers previously held by the Finance Minister, thus bringing the machinery to tackle housing problems under one authority.

One clause would provide for loans to home owners for a period of 25 years instead of 20 years as at present and also would provide that in areas adequately planned the loan may be made for a 30-year term.

Mr. Howe also detailed the proposal to extend lending facilities to lumbering and mining companies for the building of family housing units in outlying areas adjacent to on-site operations of these firms.

The bill also would authorize loans up to \$5,000 for the building of farm homes, thus placing the corporation in the farm loan business. There would be an escape clause to postpone amounts owing by the borrower when, due to conditions beyond his control, he was unable to keep up his payments.

James Sinclair, Lib., Vancouver North, said during a visit to his constituency last Easter he had talked with mill operators. He found there was no actual lumber shortage, but improper distribution of available lumber.

Preparations Started For Test Of Atom Bomb In Deep Water

BIKINI (AP)—Work on "Test Charlie," when an atomic bomb will be detonated far down in the sea, already is starting. Vice-Admiral W. H. P. Blandy said today as he awaited damage reports from a target fleet still dangerously radioactive after Thursday's shallow blast.

Personnel has been assigned to prepare deep-sea mooring lines for next spring's tentatively-planned deep-water burst, third in the series of atomic bomb tests.

Deadly X-rays barred close inspection of inner-circle ships in the lagoon again today—more than four days after the harbor-depth explosion. But live animals have been found on at least two ships on the outer circle.

Admiral Blandy said it may be a week before it is safe to go aboard some of the ships.

Kingston, 100 Years Old This Year, Had French History

KINGSTON, Ont. (CP)—Although 1946 marks the 100th anniversary of its incorporation as a city, Kingston made its first contributions to Canadian history much earlier than a century ago. Celebrations planned for the first week in August to mark the centenary will be colored by centuries of tradition.

The city at the junction of the St. Lawrence River and Lake Ontario was the scene of notable historical events long before the white man came to North America. Originally owned by the Mississauga Indian tribe, the district was a tribal meeting place even in the early 1600's when natives no doubt held many a council to discuss the problems arising out of the invasion of their country.

When Canada was New France, it was Fort Frontenac, now a part of Kingston, that was considered the bastion of the lake region, from both military and commercial standpoint.

DEFENCE AND TRADE

Frontenac, France's great colony, marked out the present site of the city as an ideal place for a fur depot and as a point of defence against the Iroquois. Also, he hoped, the establishment of the fort might help dissuade the Indians from taking their furs to the Dutch and English traders in New England.

By the time Canada had become British, and Upper Canada was created a separate province, Kingston had already become the chief town of the district. It was here that John Graves Simcoe, newly-appointed lieutenant-governor of Upper Canada, called his first parliament.

Though he moved it later to a place of less strategic importance, Kingston's career as a capital city did not end with that action. When the provinces were united in 1841, Lord Sydenham (Charles Poulott Thompson) chose the city as the meeting place of the first parliament of Canada and here the capital remained until, for reasons of political expediency, it was moved away again three years later.

The site of the first assembly meeting, now a part of Kingston General Hospital, and the home of Lord Sydenham on Union Street still stand reminders of the city's political importance. In the field of journalism, too, Kingston scored a first. The British Whig, first daily news-

Labor Minister Asks Southams, I.T.U. Officials Meet

OTTAWA (CP)—Labor Minister Mitchell said today he had taken steps to bring top officials of the International Typographical Union (A.F.L.) and the Southam Company together in an effort to settle a dispute at the Vancouver Daily Province, a Southam newspaper.

An Industrial Disputes Commission in a report made public Saturday found there was no hope of a settlement by local negotiations and recommended the minister attempt to get the top officials of the union and company together.

VANCOUVER (CP)—Action to expel members of Local 59 of the International Pressmen and Assistants' Union from the Vancouver Printing Trades Co-ordinating Council because pressmen on the Daily-Province returned to work while I.T.U. printers are on strike has been started, it was announced Sunday night.

Officials of the council have forwarded a request to Peter Foy, pressmen's representative on the co-ordinating organization, to "show cause why the I.P.A.U. members should not be expelled from the council and the Trades and Labor Congress of Canada."

If carried through, the move would cut affiliations not only of the Province pressmen but also of the Vancouver Sun, the News-Herald and a number of commercial printing plants.

Composing-room employees of the Province walked out June 5, demanding that all Southam newspapers in Canada sign agreements recognizing the I.T.U. rules.

Weather

The temperature at Vancouver reached 84 Sunday, highest July temperature since 1942. Thunderstorms were reported over southern Vancouver Island, the lower mainland and in the Prince George area. Cloudy conditions were expected to continue today.

Victoria and vicinity—Variable cloudiness today, clearing to night. Cloudy on Tuesday morning, clearing in the afternoon.

Vancouver and vicinity and lower Fraser Valley—Cloudy, clearing in the late afternoon and evening. Widely-scattered rain-showers. Overcast early Tuesday morning, clearing during the day.

Straits of Georgia—Cloudy, clearing tonight. Cloudy on Tuesday morning, clearing during the afternoon.

West coast Vancouver Island—Variable amounts high cloud. Overcast low cloud and fog, mainly along the southern portions of the coast.

Who Is Sheila? U.S. Tourist Asks

Who is Sheila? And where is she? That's what Edward Anderson of Box 16, Cummings, Calif., would like to know.

He met her on a bus en route to Los Angeles for her vacation. All he knows about her is that her name is Sheila, she lives in Victoria, she is about 19 years

old, and she drives an Austin. He is so anxious to renew his acquaintance with the young lady that he wrote M. F. Hunter, city desk, asking: "How would I go about finding a girl I met on a bus?"

Mr. Hunter didn't know either so he turned the letter over to the Times and if Sheila recognizes her description and would like to continue her bus acquaintance with Edward Anderson she now knows where she can contact him.

50 Guests Flee In Night Attire As Fire Wrecks Maple Bay Hotel

Fifty guests fled from Maple Inn in their night attire early this morning when fire destroyed the main part of the hotel and also demolished a house, a cottage and three cars. Estimated loss was \$60,000. The hotel is at Maple Bay, six miles from Duncan.

Although the fire engulfed the hotel in less than 10 minutes in a most spectacular blaze, no one was injured seriously. Some guests and residents of the bay who helped fight the flames received superficial burns, cuts and bruises.

Archie Seymour, proprietor of the hotel whose wife was in Vancouver at the time, received burns on his hands as well as a bad gash on one of them, when he stood on the roof of an annex of the hotel pouring buckets of water over the structure. The annex was saved.

Main section of Maple Inn, destroyed by fire.

A four-room house, the home of Col. and Mrs. R. M. Lendrum, situated over 300 yards away from the hotel, was consumed by the flames. Several cottages in between the hotel and the Lendrum home were saved. One cottage adjacent to the hotel in which employees slept, was burned down.

Three Of Guests Cars Destroyed

Three cars belonging to hotel guests were lost when they could not be moved because keys to them were inside the burning hotel.

Guests in the hotel were aroused by Mr. Seymour, the proprietor, when smoke was noticed coming from an upstairs room of the two-story wooden structure. The fire in the room was believed to have started from a cigarette.

As the guests ran from the building flames burst out of the room and the whole main section of the hotel was ablaze in minutes.

"It was awful," said Mrs. S. G. Watts, 1064 Southgate Street, Victoria, who with her husband occupied a room two doors from

Boat In Bay Sounded Alarm

As the fire was at its worst, the hotel building throwing a torch of flames skyward, a boat went out in the bay and blew an alarm on its whistle, arousing residents who soon came rushing to the scene to assist.

Little could be done other than to stop the fire from spreading. The wind was blowing away from the annex of the hotel and the main part of the settlement. Had the wind been blowing in the other direction, it is believed the whole district would have been wiped out by the fire.

Cpl. Jack Henry and Constable E. G. Sarsiat of the B.C. police detachment at Duncan were

Fourth Cowichan Blaze In Year

The fire was the fourth major blaze, and possibly the worst, in the Cowichan district this year. Earlier fires destroyed and partially destroyed the Cowichan Creamery at Duncan, the Duncan High School, and the Cowichan Bay Hotel and boathouse.

Also last Friday night a fire destroyed a fish boat at the

Experts are shown above as they hit the beach at Bikini with radiological monitors to check radioactivity six hours after the underwater blast of the atom bomb in Bikini Lagoon. Ships which were damaged but did not sink are still being examined by U.S. navy men.

Lightning Strikes Power Plant, Fires Started In Nanaimo Area

NANAIMO (Special)—A n hour-long lightning storm, which thundered over Nanaimo late Sunday afternoon, struck two or three houses here and burned out a 250-kilowatt generator at a B.C. Power Commission sub-station in the Jingle Pot area.

(In Victoria Maj.-Gen. W. W. Foster of the B.C. Power Commission, in the absence of S. R. Weston, chairman, announced the generator had been completely burned out when lightning struck a power-line. There was no interruption in service outside of the Jingle Pot area, he said.)

Officials here said it would be weeks before the plant could resume operations.

Also struck by lightning was a radio wire leading into the home of S. Parkin on Victoria Road. The electrical charge entered the apartment by the radio wire and ignited the two rear rooms.

Firemen reported they had attended for an hour and a quarter at the fire. A store below the apartment was considerably damaged by water used in quelling the Parkin home fire.

Mr. and Mrs. E. Coudley were on the front porch of their home when a bolt hit their aerial wire traveled into the house and scattered their cabinet radio like bits of shrapnel all over a room at the rear of the building. The blast left a scorched outline of the radio against a painted wall and the aerial entirely disappeared.

Author Dies At 71

LONDON (CP)—Frank Dinot, 71, author and journalist, died here Sunday. His works include a biography of the late David Lloyd George, "The Old Order Changeth," and many novels.

Moslem League Calls For Action To Achieve Independent State

BOMBAY (CP)—The Moslem League's policy-forming Council of Action today withdrew its acceptance of the British cabinet mission's proposals for granting India independence and in bitterly phrased instructions told the League's working committee to evolve a program of "direct action" to achieve an independent Moslem state (Pakistan).

The Council of Action declared in a resolution that "Moslem India has exhausted without success all avenues for peaceful settlement" of demands for safeguards in writing a constitution.

A second resolution called on all Moslems to surrender any titles they may have accepted from Britain.

JINNAH SPEAKS
Mahomed Ali Jinnah, president of the Moslem League, told the cheering assembly that events that had occurred since the League accepted the cabinet mission's proposals were a "blessing in disguise," because from them Moslems had learned "a bitter lesson."

The council's decision followed a three-day round of speech-making in which Moslem leaders—including Jinnah—told the council that Britain had "betrayed" the League by not insisting on adoption of the mission's interim government plan despite all-India Congress Party opposition.

Abjures title... FIROZ KHAN NOON.

Moslems to renounce British titles.
Jinnah said in his speech that the council's action was "most historic" and would lead to Pakistan despite the opposition of "two powers—one of them with machine guns behind it."

FEDERAL UNION
The British cabinet mission's plan for independence was approved June 6 by the League and July 7 by the Congress Party, largest political organization in India and chief rival of the League. The plan calls for the creation of a federated union of India and the drafting of a charter by a constituent assembly, elected by provincial legislatures.
Sir Firoz Khan Noon, former Indian High Commissioner in London and representative of India at the San Francisco Conference, was among the first of a dozen holders of British titles to stride to the platform and announce renunciation of his title.

Delegate Shouts Opposition To Big 4 Domination Of Parley

PARIS (CP)—Dr. Herbert Evatt, Australia's delegate to the 21-power Peace Conference, today hammered on the table and shouted his opposition to any Big Four domination of the conference.

Discussing formation of a rules committee, Dr. Evatt declared "the 17 invited governments have just as much right to participate in the final making of the peace as the Big Four themselves."

"I don't want any mistake about that," he added. He argued the rules committee would determine the whole organization of the conference and decide by what majority the conference would vote recommendations on treaties.

Apparently hitting at Russian manoeuvres in previous conferences for a rule for a two-thirds majority—which in the present conference would give six eastern European states a strategic advantage—Dr. Evatt declared he wanted "no special majorities" in the conference.

The conference named a rules committee of one member from each national delegation, but in deference to Dr. Evatt it was agreed the committee meetings would be held when the general conference was not in session.

Earlier, as the conference convened in Luxembourg Palace, President George Bidault of France called on the delegates to abolish "the plague of war."

GIVEN TREATY DRAFTS

The envoys of defeated Italy, Hungary, Bulgaria, Romania and Finland were handed copies of the peace treaties affecting them. Addressing the 1,500 delegates of the victorious Allies on behalf of the host nation, M. Bidault pleaded:

"The long-suffering peoples of the world today look to you. If we cannot get complete peace solutions, I hope that at least we will get reasonable ones."

In apparent reference to the United States and Russia, M. Bidault said that whatever blame could be attached to the failure to keep the peace after the First Great War, a "fundamental cause of that failure was that the two great powers who had taken a decided part in the conquest of arms remained on the sidelines during the solution of peace."

"The hopes of plain men are turned toward us today," he said, concluding his 10-minute slowly spoken speech. M. Bidault was then named provisional chairman of the conference.

M. Bidault's words were carried to a press gallery jammed for the historic occasion and throughout the hour the rambling building as he summoned the delegates of the 21 victors to fashion a peace for Italy, Romania, Hungary, Bulgaria and Finland, which the Foreign Ministers of Britain, the United States, Russia and France can approve.

CRITICAL ATMOSPHERE

The conference convened, however, in an atmosphere of disension.

For more than 36 hours the deputy foreign ministers of the four principal powers—Britain, France, Russia and the United States—had argued before agreeing even upon publication of the five treaty drafts prepared by

the four powers for submission to the conference.

These drafts, which will be submitted to the Peace Conference, will be released for publication at 4 p.m. P.D.T. Tuesday. The texts will be accompanied by statements from each of the four Foreign Ministers giving their attitudes on the disagreements that still exist.

U.S. SECRETARY OF STATE

Byrnes was disclosed to favor a "goldfish bowl" policy at the Peace Conference. If his proposal for open meetings is turned down, an American informant said, Mr. Byrnes will propose that representatives of various commissions of the conference be appointed to keep newspaper reporters informed of what goes on at closed meetings.

It was known the proposed treaties would change the map of Europe, list reparations which the five defeated countries must pay, and outlaw militarism.

PRAYDA CONFIDENT

MOSCOW (AP)—Pravda, in a dispatch from its special correspondent in Paris, said today that the 21 countries at the Peace Conference "have every possibility" of success in their work.

Body Of U.S. Marine Found With Bullet Wound In Head

Esquimalt police as well as military authorities are investigating the death of a U.S. marine whose body was found with a bullet wound in the head shortly before 5 Sunday afternoon at Work Point Barracks.

The marine, whose home town was not available, is 2nd Lieut. Edward John Carnes, 22 years. It was understood that he was on a roving commission, and that he had arrived in Victoria recently on a visit.

Chief Gil Stancome of the Esquimalt police, said the soldier had been out practising revolver shooting and that the body was found outside near a beach.

Further details of the shooting were not available, he said. But an inquest will be held at 10 Wednesday morning at Hayward's B.C. Funeral Parlor.

Major F. C. Pace, medical officer at Work Point, pronounced life extinct.

Money Demanded

LADNER, B.C. (CP)—Crudely printed notes sent by mail to merchants here demand \$200 to protect your business. The unsigned letters direct recipients to place the money in a specific spot and not to inform police. Police are investigating.

Police Captain Will Be Charged

MONTREAL (CP)—Police Director Fernand Dufresne today said Capt. Arthur Tache, head of the police morality squad, had been suspended since Saturday and would face several charges, including one that he had left behind a detailed plan of raids to be carried out "at a specific hour and at a specific date" before departing on a two-week holiday.

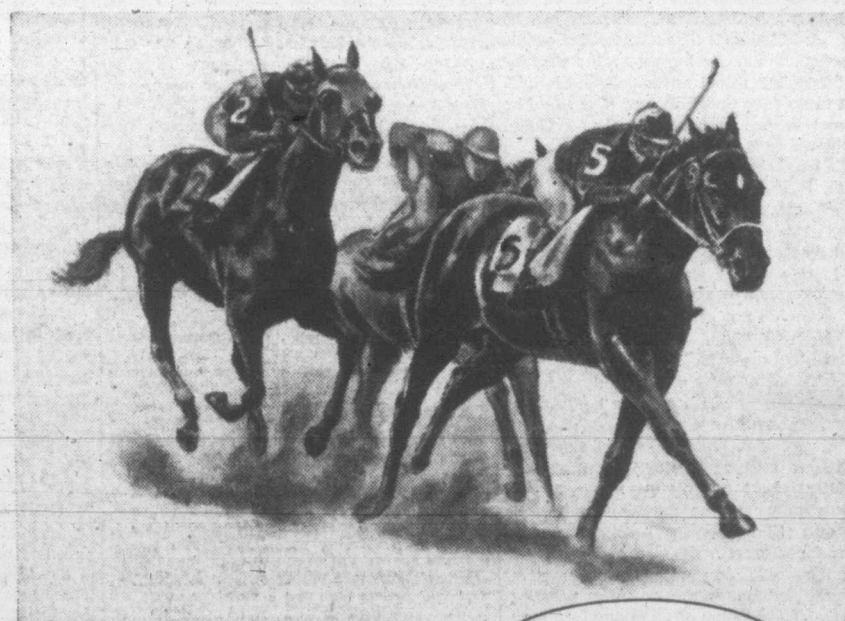

The director also said Capt. Tache would be charged with accepting a bribe, and that the charges would be placed before a major staff Wednesday.

Director Dufresne said Lieut. Gabriel Piche had been named to succeed Capt. Tache, a veteran of 32 years' police service.

The shakeup in the morality squad followed the Thursday evening slaying of Harry Davis, big-time gambling operator, at the hands of self-confessed Louis Bercoffitz.

Fisherman Drowns

James N. Marshall, 22-year-old fisherman of Steveston, B.C., was drowned Sunday night at Soitula when he fell into the water from his boat, it was reported to B.C. Police at Alert Bay. The body was recovered early this morning and a coroner's enquiry will be held this evening.

A TOP CIGARETTE

For consistent quality, and for continuous smoking satisfaction, Winchester cigarettes are today's best bet!

Three of the world's choicest cigarette tobaccos, Turkish, Virginia and Burley, "Blended Right" give Winchesters that "top" combination of taste and aroma.

Armed
(No. 5 in the illustration)
This five-year-old gelding, son of Bull Lea, won the \$50,000 Suburban Handicap on May 30th, becoming racing's greatest money-winning gelding, topping Exterminator's mark. Previously this year, under top weight, he sped to victory in the McLennan, Widener and Dixie Handicaps. He has a high turn of speed, great tenacity and a rare consistency. A top horse in any man's book!

TODAY IN PARIS

REPRESENTATIVES OF A SCORE AND
one nations are sitting down today in
Paris to discuss drafts of the peace treaties
for Italy, Romania, Hungary, Bulgaria and
Finland. These documents are the work of
the Foreign Ministers of the "Big Four."
Their terms involve the destiny of the 83,
000,000 citizens who make up the populations
of the five European countries which threw
in their lot with Germany in the Second
World War.

The fact that delegates from 17 "middle"
or lesser states accepted invitations to take
part in this important conference does not
guarantee that their contributions to the
general debate will result in basic changes
to the contents of the proposals. They will
nevertheless have ample opportunity to sub-
mit recommendations which—whether use-
ful, critical, or openly hostile—will place
their views on record for the benefit of
their respective publics. And while the final
phraseology will not be settled at the cur-
rent deliberations, but by the "Big Four"
subsequently, the procedure furnishes an
interesting contrast to that following the
First Great War—in which no fewer than
32 of the Allied and Associated Powers
pooled their ideas and produced the Treaty
of Versailles and several minor "bills of
reckoning."

Cut and dried formula may suit the "Big
Four," and it probably will be the guiding
principle of the conference; but Australia's
Foreign Minister Evatt evidently does not
intend to give his sanction to the reduction
of these deliberations to anything approach-
ing a "matter of form or appearance." Mr.
Mackenzie King did not specifically commit
himself in an interview in Paris yesterday;
he merely said that this was "only the first
round," and implied that the draft treaties
to be discussed must predicate a peace "just
and enduring."

Not the least important condition under
which the 21 nations are meeting is that
which finds the delegation from the United
States in harmony with the President and
the Congress. Democrat Connolly and Re-
publican Vandenberg, for example, are still
at the side of Secretary of State Byrnes;
and all have Mr. Truman's blessing. It is
not necessary to recall that President Wil-
son, in 1919, "paddled his own canoe."

As Mr. Byrnes said in his radio broad-
cast a couple of weeks ago, "the draft
treaties agreed upon are not the best which
human wit could devise . . . but they are
the best which human wit could get the four
principal Allies to agree upon." On the as-
sumption, however, that the making of peace
is always more or less a labor of compro-
mise, it will be necessary for all the mem-
bers of the "Big Four"—and the 17 "middle"
and lesser nations—to compromise. Only
by this method will a "just and enduring"
peace be written.

NOT ON THE AGENDA

THREE VITAL MATTERS WITH WHICH
some 1,500 representatives of 21 nations
are not scheduled to deal at the deliberations
which began in Paris this morning can be
listed as follows: 1. The disposition of the
unpredictable energy known to the popular
and instructed world as nuclear fission; 2.
What to do with Germany and how to do it;
3. The relations between the Soviet Union
and the western democracies.

For many hours the Security Council in
session in New York has discussed the
atomic bomb and the relative merits of the
"Baruch Plan" and the counter-proposal sub-
mitted by Russia. Agreement on a compro-
mise in this matter would appear to be as
far off as ever. Those in possession of the
basic secret do not propose to yield it until
there is ample guarantee that its applica-
tion will be exclusively for peaceful pur-
poses. To all of which the great majority
of sensible people will send up a loud Amen.

Germany's future obviously poses a far-
reaching problem. In this regard, however,
the Russian member of the Council of For-
eign Ministers, Mr. Molotov, while stoutly
objecting either to the partitioning or fed-
eralization of the former Reich, obviously
has condoned certain political moves in the
Russian zone of occupation whose motive
requires little imagination to understand or
evaluate. The Division of Germany into four
sections, none of which is economically self-
sufficient, has not only added to the diffi-
culties of restoring the defeated nation to
some semblance of use in the cause of peace
from the point of view of production—indus-
trial and agricultural—but has also pro-
vided an "atmosphere" eminently suitable
for sinister exploitation. Lacking the ability
to exchange food and manufactures freely
within Germany as a whole, moreover, Brit-
ain and the United States have been forced
to fork out large sums of money to provide
a minimum standard of living. Russia, on
the other hand, has blithely gone on col-
lecting reparations in kind while, at the
same time, demanding four-power control of
the industrial Ruhr, now occupied by Brit-
ain. Both the United States and the United
Kingdom, of course, favor a "Big Four" cen-
tralized control over the whole of Germany.
The questions of what to do with "the
bomb" and what to do with Germany, there-

fore, are indissolubly linked with all specu-
lation as to how the Soviet Union and the
western democracies will get on together at
this first peace conference now taking place
in Paris; and what their relations will be
when the second meeting of the General As-
sembly of the United Nations opens for busi-
ness in New York next September. Through
what "labor of compromise" will the "Big
Four" have gone in the meantime?

ENCOURAGING AGRICULTURE

EVERY THINKING CITIZEN WILL AP-
prove efforts to improve the condition of
those who work on the land. The announce-
ment last week by Mr. J. J. Woods, British
Columbia director of the Agricultural Insti-
tute of Canada, that his organization is
awarding 20 scholarships of \$800 for agricul-
tural research by university graduates dur-
ing the 1946-47 term is encouraging news.
From the intensive study these young men
and possibly women bring to particularized
fields, farming will draw rich benefits. The
results of their efforts will be reflected, it
is to be hoped, in the betterment of some
phase of agriculture to the benefit of the
national economy and the personal diet of
citizens throughout the Dominion. The
scholarships provide a splendid investment.
They assist those in a position to help their
country in a basic industry which is entitled
to everyone's consideration.

Nor are efforts to advance conditions in
that field restricted solely to the scientific
category. In Duncan last week Mr. Bert
Young, whose farm at Koksilah is a Domini-
on Illustration Station, has advanced a plea
for a better return to those engaged in ag-
ricultural work. Forecasting a labor short-
age, Mr. Young has advocated a wage scale
which will attract to the land strong young
men whose interest in farming can be stimu-
lated by adequate remuneration and satis-
factory accommodation.

Mr. Young points realistically to the fact
that increased urban populations in this part
of the world require a much larger develop-
ment of agricultural land to meet their
needs. The fact is obvious, however, that
intensified farming will not be popular
among the young people required in the in-
dustry unless the recompense and living
conditions are raised to a point where they
can compete more nearly than at present
with the amenities of town life.

CANADA'S TOURIST TRADE

TOURIST EXPERTS ARE EXPECTING
a large increase in the number of
visitors to Canada during the summer
months. Already most of the tourists' ac-
commodations are booked through the
month of August.

Canada is looking ahead to extending
tourist trade as much as possible by using
more of her advertising budget to depict the
Dominion as the playground of North
America, and emphasizing the fall months,
as well as the summer months, as vacation
time. To do this the Canadian Travel Bureau
has increased its budget for advertising to
\$500,000.

Last year, visitors from the United States
to Canada spent \$164,000,000, an increase of
41 per cent over the \$117,000,000 spent in
1944, and more than doubling the wartime
low of \$79,000,000 in 1942. On the other
hand, it is estimated that visitors from
Canada to the United States spent \$83,000,-
000, leaving Canada a net trade credit of
\$81,000,000 in 1945.

The gross volume of non-residents enter-
ing Canada last year was 17,100,000 persons.
Only a small percentage of this total, how-
ever, could be classed as tourists. The rest
consisted of those who were commuters or
persons making local crossings over the
border, and these had little bearing on the
amount of money spent as tourist revenues.
Approximately \$138,000,000, or 85 per cent
of the \$164,000,000, came from 2,500,000
visitors who stayed 48 hours or more.

GROWING STRONGER

THOSE INTERESTED IN THE DEVELOP-
ment of Canadian letters will be im-
pressed by the remarks of William Arthur
Deacon, noted literary editor of this Do-
minion, regarding the calibre of creative
work by native authors now claiming wide
attention from the reading public. Says
Mr. Deacon:

"Interest grows yearly in the Governor-Gen-
eral's Literary Awards because of the increased
acceptance of Canadian books in Canada and
abroad, which in turn rests upon higher average
levels of merit. This is not necessarily merit in
the academic sense but in the practical sense.

"The Canadian book of today is more apt
to contain what Canadians wish to read than was
the case in 1930, when the awards were inaugu-
rated. In those days the sponsors felt relief if
one really good book turned up in each class.
Now the number of attractive competitors is
causing such diversity of opinion among judges
that the Awards Board has had to accede to many
urgent requests that second choices be published
if judges' ballots indicated a close decision."

The standard of Canadian work is indi-
cated in the most recent prize-winning en-
tries—Ross Munro's "Gauntlet to Overlord,"
Hugh MacLennan's "Two Solitudes," Earle
Birney's "Now Is the Time," and Mrs. E.
M. Richardson's "We Keep a Light." These
volumes have attracted a wide reading pub-
lic here and elsewhere, not because they
were judged best in their respective classes
in the Dominion, and consequently became
"duty" reading for conscientious students
of Canadian expression, but because their
composition and subject matter made them
interesting and entertaining.

The strides that have been made in the
last 16 years indicate a new maturity in a
growing field of Canadian writers. The day
is dawning when the tardy literary voice of
this country will increase in volume. It will
grow stronger as public appreciation stimu-
lates the efforts of competent men and
women who are lending their abilities and
efforts to its development.

Unesco Prepares

By BETH POMALIN

LONDON.

THE Preparatory Commission of Unesco
completed its work with record dispatch
during a five-day conference in London from
July 8 to 12. During the first two days it
seemed the conference might drag on indefi-
nitely in a welter of detail, but a proposal
made by the Canadian delegation on July
10 precipitated the discussion on to prompt
and practical arrangements for the agenda
of the organization's conference in Paris in
November and for immediate tasks for the
secretariat.

As the delegate for New Zealand put it,
the task of this organization was to keep
its eyes on the stars and its feet on the
ground.

THE CANADIAN proposal was that a few
categories of priority be laid down into
which a multitude of plans could be fitted.
On the basis of this proposal Dr. Julian
Huxley, executive secretary of Unesco, sug-
gested five categories which were accepted.
They were: Those projects calling for im-
mediate action before the November confer-
ence, those to be started within two years
of that conference, those after two years,
those to be supported in principle but car-
ried out when circumstances permitted, and
those to be rejected.

Following this procedure the commission
decided which recommendations from each
of the organization's seven committees
should be undertaken at once.

THEY INCLUDED:

A report on combating illiteracy and
furthering fundamental education is to be
put before the November conference.

An analysis of past experience in the re-
vision of textbooks with recommendations
to be put before the November conference.

Steps are to be taken to prevent destruc-
tion or waste by governments of research
equipment used during the war and needed
by scientific workers in devastated countries.

An international publications clearing
house is to be established to replace the
inter-allied book centre which terminates
this year.

There is to be direct aid to artists and
musicians in devastated countries and an
effort to get musical instruments, art ma-
terials, and publications for educational pur-
poses in these areas.

IN THE FIELD of literature problems of
translation and the world-wide availabil-
ity of the great literature of all countries
will be considered.

Finally a first priority has been given
to the planning of Unesco Month in Paris
during November. This is to consist of lec-
tures, films, plays, concerts and a series
of exhibitions from various countries for
which the French government will be re-
sponsible.

Additional plans in the second category
include a proposal that Unesco should en-
courage member states to direct their edu-
cation services to serve the cause of peace,
security and the principles of the United
Nations Charter and that a committee of
experts should be set up to make recommen-
dations which would assist this aim.

THE TECHNICAL sub-committee on the
relief and rehabilitation of education,
science and culture in the devastated coun-
tries is continuing its work of surveying
needs and co-ordinating the assistance that
is forthcoming from voluntary bodies. It is
to increase its publicity in order to arouse
public interest in the less fortunate coun-
tries.

A tribute was paid to Canada during
the preparatory commission's conference.
Canada provided the first chairman for this
technical subcommittee last November and
gave a lead to the work of relief in the form
of educational broadcasts in five languages
through the CBC.

BUT IT MUST not be forgotten that the
British have been helping in this matter
for a long time.

The British Council has sent personnel
and has given numerous scholarships for
courses of study in Britain. Denmark and
Greece have also helped with donations of
money and opportunities.

It is necessary that 20 nations ratify the
constitution of Unesco before it can move
out of the preparatory stage. It is fully
expected that this will be the case before
the November conference.

Quoting

"HISTORY SHOWS that great economic
social forces flow like a tide over com-
munities only half conscious of that which
is befalling them. Wise statesmen foresee
what time is thus bringing and try to shape
institutions and mold men's thoughts and
purposes in accordance with the change that
is silently coming on. The unwise are those
who bring nothing constructive to the pro-
cess, and who greatly imperil the future of
mankind, by leaving great questions to be
fought out between ignorant change on one
hand, and ignorant opposition to change, on
the other."—John Stuart Mill.

"We are all public servants. As such,
the citizenry and its representative bodies,
of which we are members, are entitled to
an accounting of our stewardship of the
public trust we have accepted. No posses-
sion should be more precious than the con-
fidence of the public in the integrity and
devotion to duty of a representative of the
people in a democracy. When wrongfully
challenged, we should rush to defend that
integrity."—From the U.S. Senate War In-
vestigating Committee's Chairman Mead's
letter to Representative May.

GLOBAL SURVEY

By DEWITT MACKENZIE
Associated Press Foreign
Affairs Analyst

An atmosphere of deep anxiety
surrounded the opening of the
Paris Peace Conference today—
anxiety born of uncertainty
whether this historic meeting
would break trail for real peace
or whether it would be a har-
binger of further conflict be-
cause of the great divergencies
between Russia and the Western
Allies.

State Secretary Byrnes of the
United States on departure Sat-
urday by air for the French capi-
tal left behind a message which
contained this plain talk:

"It seems to me that the hope
of avoiding some new terrible
war greatly depends upon how
quickly we can remove the dan-
gerous sources of friction left in
the wake of the last war."

Shortly afterward at Barle-
duc, France, Gen. Charles de
Gaulle also made a blunt pro-
nouncement in which he declared
that world security depends upon
"future relations of America and
Russia." He pictured France
dwarfed between two great
powers and already able to fore-
see the possibility of a third
world war. He urged quick for-
mation of an Anglo-French alli-
ance as keystone of an eventual
bloc of western European coun-
tries, bound together for self-
preservation.

It would be difficult to refute
Gen. de Gaulle's statement that
world security depends on future
Russo-American relations,
though that may be rather an
over-simplification of a com-
plicated situation. In any event,
the send-off which was given
State Secretary Byrnes in Wash-
ington by President Truman, nu-

merous other government digiti-
taries and a crowd of several
thousand spectators, fully
marked the importance the
United States attaches to its
envoy's mission.

As I see it, the crux of the
matter lies in this broad issue:
Just what is it that Russia wants
—(1) in the way of expansion
of her zones of influence, and
(2) in the way of spreading Com-
munism to other countries?

If you can get the answers to
those questions, then you will be
able to make a fair prediction
about whether we shall have
world peace.

Now Enters Real Estate

FRANK GILBERT

Well known throughout the busi-
ness world of Victoria, Mr. F.
Gilbert has now joined the staff
of Hagar Investments Ltd., on
the corner of View and Broad
Streets, where he will be actively
connected with the real estate de-
partment, handling the sale of
city and rural property.

Mr. Gilbert brings to his new
appointment a thorough knowl-
edge of Victoria, having been
with National Motors for the past
12 years, during which time he
has built up many connections,
both business and social. He is
well known through his work
with the Victory Loan drives in
which he played a prominent part.

The addition of the services of
Mr. Gilbert marks another step
in the development of the real
estate department of Hagar &
Swayne Investments. Under the
management of A. S. Powell this
branch of the firm is gaining
ever increasing importance and
is well known to the public.

THE RCAF HAS OPENINGS FOR

..DRIVERS AND MECHANICS

THE JOB: Operating and repair-
ing the big fleet of motor vehicles
which are necessary to the Air Force's
operation. Capable and experienced
automotive mechanics, holding com-
mercial drivers' licenses, can qualify,
if accepted, for immediate advance-
ment in "trade grouping" and hence
in pay. Applicants should normally
possess junior matriculation or its
technical-school equivalent. Previous
trade experience is not essential.

There are openings also in many
other ground trades.

THE PAY: Basic pay plus living
allowances for non-commissioned
ranks runs from \$95 monthly for Air-
craftman Class 2 to \$188 for Warrant
Officer Class 1; extra pay for trade
proficiency and increased pay after
three years in any rank; marriage
allowance of \$20 a month; free uni-
form clothing and medical and dental
service.

THE PENSION: A lifetime in-
come on discharge after 20 years' or
more service; pensions or gratuities
in the event of prior discharge on
medical grounds, and pensions or

gratuities to widows or children in
the event of death while on service.

VETERANS' PREFERENCE:
As among applicants, war veterans
applying for reappointment will re-
ceive preference, and if accepted will
be reappointed to the ranks they
held at the time of their discharge,
or to the nearest ranks which estab-
lishment permits; and their prior
service will be a factor in promotion
and pension.

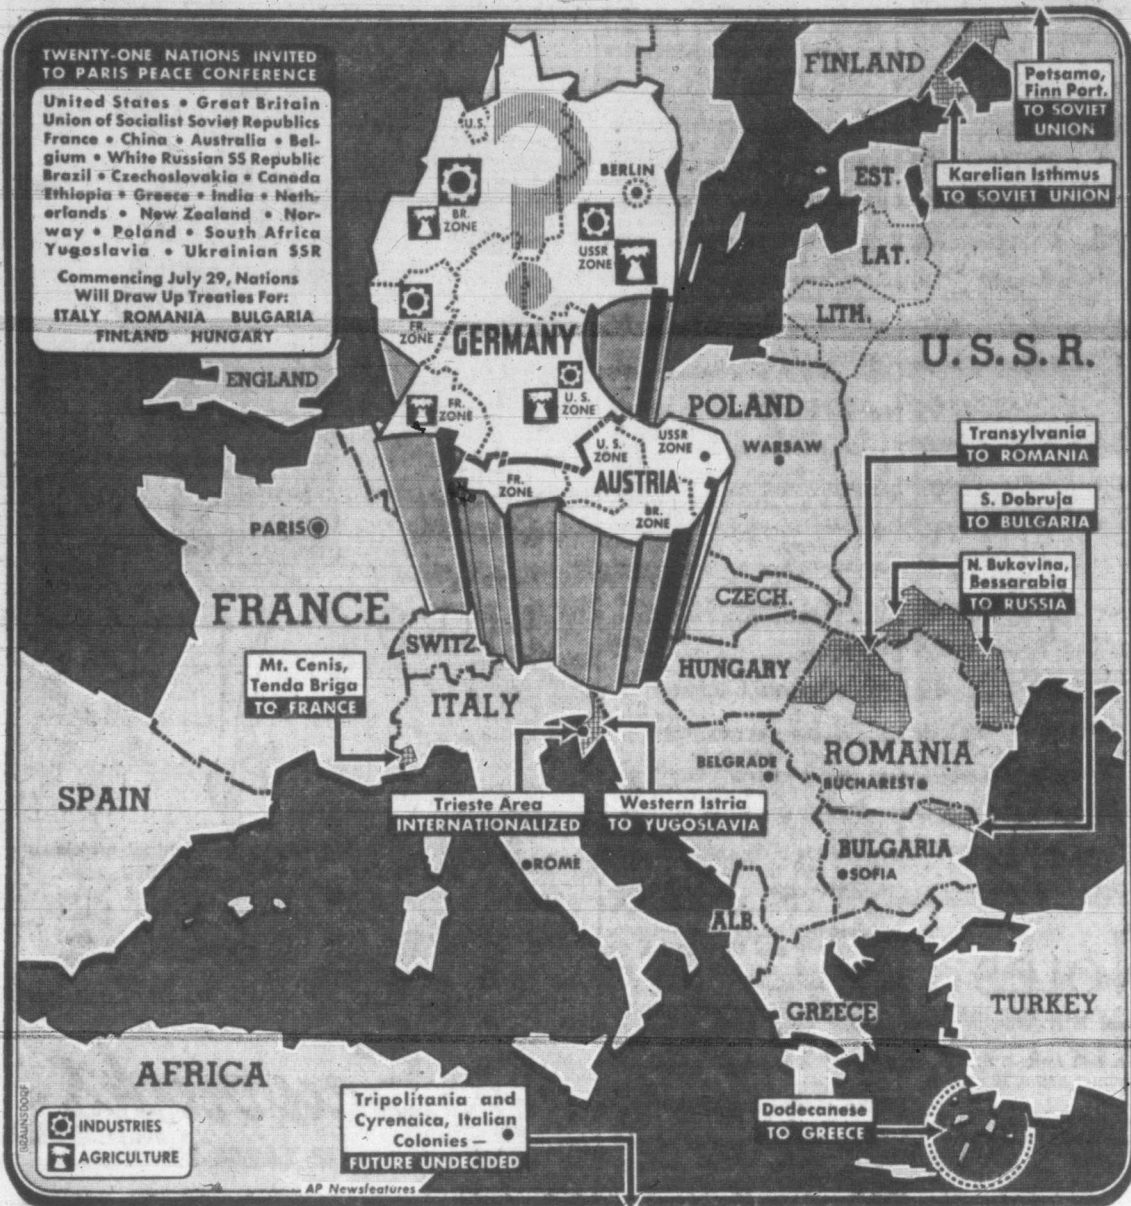

TERMS OF SERVICE: Applicants
without previous service must be
over 18 and under 26. Good conduct,
satisfactory medical category and
educational qualifications will enable
applicants to enlist in Regular Air
Force for five years and re-engage
thereafter for further five-year
terms.

WHERE TO APPLY: Applications
should be made to Western Air
Command, RCAF, Joint Services
Headquarters, 4th Avenue West,
Vancouver, B.C.

Germany—Enigma Of Peace Parley

By ROBERT N. COOL
At Vienna, after the Napoleonic wars, and again at Versailles following World War I the victor nations virtually redrew the map of Europe.

The first peace conference of the Second World War, however, when the 21 nations met in Paris today their work will be cut out for them—planned and agreed upon at previous meetings of the Big Four foreign ministers. Scheduled territorial changes are relatively minor, and no preliminary agreement has even been reached on the paramount war-settlement problem: that of Germany and Austria.

The question mark of Germany

will cast a long shadow over the conference in Luxembourg Palace.

At Potsdam the leaders of Britain, United States and Russia agreed that "during the period of occupation Germany shall be treated as a single economic unit." In practice, however, the division of the conquered Reich into British, American, Russian and French occupation zones resulted in isolated segments that seemingly could not be made to function together. Industrial production staggered disappointingly; agricultural products could not flow to the cities.

According to Secretary of State James Byrnes, the U.S. zone costs Americans \$200,000,000 a year, largely because German unification did not materialize.

Britain and the United States have indicated that they will act to unify their zones, without the others if necessary. Russian Foreign Minister V. Molotov came out in favor of an industrialized, intact Germany (that would pay heavy reparations to Russia). France has con-

sistently demanded permanent internationalization of the Ruhr, occupation of the Rhineland and French control of the Saar industrial region.

In general, the three western foreign ministers seemed to advocate a weak and perhaps demilitarized Germany under four-power control. The Russians apparently favor a solution under which Germany would become a centralized, productive entity, closely guarded and contributing goods to help rebuild her former enemies.

Terms for Germany's wartime allies have been agreed upon. The peace conference is expected to ratify the following territorial changes:

From Italy: Most of Venezia Giulia and several Adriatic

islands to Yugoslavia; Trieste to be internationalized under United Nations protection; Mt. Cenis and Biella-Tenda to France; the Dodecanese Islands to Greece. In addition Italy will be expected to pay \$100,000,000 reparations to the U.S.S.R. and to renounce her claim to her African colonies, which will remain temporarily under British rule.

From Romania: Southern Dobruja to Bulgaria; Bukovina and Bessarabia to Russia.

Hungary: Transylvania to Romania.

Finland: Karelian Isthmus and the Arctic port of Petsamo to Russia.

A peace treaty will also be signed with Bulgaria, limiting its military forces and imposing reparations not yet specified.

Puzzling U.S. Writer Dies In Paris

LATE GERTRUDE STEIN
PARIS (AP)—Gertrude Stein, 72, the beloved but puzzling American writer who opened her heart and her home to hundreds of American soldiers during the Second Great War, died Saturday night in the American Hospital at Neuilly, a Paris suburb.

Officials declined to state the nature of her illness or how long she had been confined to the hospital.

A native of Allegheny, Pa., Miss Stein began writing while a student at Radcliffe College and published more than 20 books and other works—most of them so abstruse as to verge on and sentence structure as to leave even professional critics in a quandary.

Such typical phrases as "A rose is a rose is a rose" and "Pigeon on the grass alas alas" gained Miss Stein a world-wide—if headshaking—literary reputation.

Although Miss Stein lived in France for more than 40 years, she loved her native country and welcomed U.S. tourists to her home as warmly as the hundreds of famous figures of the arts

whom she knew as friends. She never married.

Miss Stein remained in France during the First Great War. In the Second Great War, by the time she had decided to return to the United States, all travel lanes had closed to civilians. She then moved her home from the Paris Latin Quarter to Belgium, in the foothills of the French Alps, where she remained until the U.S. 7th Army liberated the area.

Miss Stein's death came only a few days after publication in the United States of her latest book, "Brewsie and Willie."

Miss Stein and her widely-known companion and "girl Friday," Alice B. Toklas, the subject of one of the Stein books,

South Africa Acts To Check Fascism

JOHANNESBURG, South Africa (Reuter).—The South African government has taken steps to prevent the resurrection of the prewar Fascist Greyshirts under Louis Weichert, Fascist leader recently released from internment.

A series of "Welcome Home" meetings organized for Weichert were discouraged when all but one town refused to permit use of their town halls for the meetings. The final damper was put on the movement by Justice Minister Harry Lawrence's ban on Greyshirt meetings.

Most fertile ground for Weichert's dogma had been the numerous German colonies in the northern Natal, where the leader resides. Anti-Semitism was the rock on which the movement based its appeal. It was charged at various times that the Greyshirts had found support in the ranks of South Africa's Nationalist Party, but the connection never was proved.

Rail Maintenance Men Ask More Pay

OTTAWA (CP)—The Brotherhood of Maintenance of Way Employees (A.F.L.) today announced notice had been served on the Railway Association of Canada for a wage increase of 20 cents an hour for some 25,000 railway workers.

The brotherhood made a similar application last year, first to the association and then to the National War Labor Board. The board allowed an increase of two cents for a majority of the employees and up to five cents for others. George Clifford, secretary of the brotherhood's central committee, who made today's announcement, said the board's award was "grossly inadequate."

"Representatives of the employees from the Atlantic to the Pacific recently met and were resolved to leave no stone unturned to accomplish their demands for a satisfactory wage rate," Mr. Clifford added.

The Netherlands have only 30,000 vehicles today as compared with 100,000 before the war.

endured many difficulties during the first post-liberation winter in Paris.

With her Miss Stein always kept a pet white poodle which prompted her, with characteristic sense of humor, to tell the British Who's Who her favorite recreations were "walking with white poodles and driving a Ford car."

CUT DOWN ON TAKING LAXATIVES THIS WAY

See How Regular You Can Be Every Morning

Try taking Carter's Pills this way: Start with 3 and set a definite time every morning. When you get regular every morning cut down to 2. After a few days, try 1.

Then try taking Carter's every other day. You may even find you can keep regular without any laxative. You see, Carter's are so tiny you can cut down the dose—from 3 to 1—to fit the needs of your individual system. Without disappointment.

Carter's help clean out your intestinal tract not halfway, but thoroughly. They are doubly effective because made with two vegetable herbs compounded properly for thorough, easy action.

Thousands can cut down on laxative dosing this Carter way. Ask for Carter's Pills by name to get the genuine at any drugstore—35¢, 70¢, \$1.00. Start the Carter graduated dose method tonight, and jump out of bed tomorrow rarin' to go.

Demonstration At Group Trial In Seoul

SEOUL (AP)—A demonstration by 2,000 persons, described by National Police Director P. O. Chong as leftists delayed the scheduled opening today of a trial of 17 Koreans arrested on counterfeiting charges. Some of the accused are Communist Party members.

Korean mounted a riot and foot police dispersed the crowd outside the provincial courthouse by firing into the air. Approximately 25 of the demonstrators were arrested. Two were reported injured, not seriously.

Authorities said the trial would be delayed indefinitely pending rechecking of all courtroom passes.

U.S. Reporters Barred In Northern Korea

SEOUL (AP)—Col. Gen. I. M. Chistiakov notified U.S. Lt. Gen. John R. Hodge today that his request for permission for the U.S. press to visit Russian-occupied north Korea cannot be granted because of "the existing quarantine of north Korea and the limitation of movement due to increase in cholera cases in south as well as north Korea."

American reporters have been barred from northern Korea since Russian occupation forces took control there. Gen. Chistiakov is in command of Russian forces in north Korea.

STOP INDIGESTION! YOU NEED MORE LIVER BILE

Science says two plants daily, yet many get only one. Liver bile helps digest your food and provides your body's natural laxative. Lack of bile causes indigestion, headaches, constipation, loss of energy. For glowing health tone up your liver and get needed bile with proven Fruit-A-Tives. Canada's largest selling liver tablets. Made from fruits and herbs.

French Blue Crepe Chosen For Wedding

First United Church was the scene of a lovely summer wedding on the morning of July 25, when Rev. W. G. Wilson united in marriage Mary Myrtle, third daughter of the late Mr. and Mrs. Sidney Pow of Simcoe, Ont., and Robert Adrain Davis of Edmonton, Alta.

Tall standard baskets of gladioli and fern decorated the altar and the guests' pews were tied with white satin bows. J. Ingram Smith presided at the organ and Mrs. Madie Carver was the soloist.

The bride chose an individually designed gown of French blue crepe, the fitted low-waisted bodice buttoned down the back and graceful lines over the shoulders. The floor-length skirt fell in deep folds in the front, forming a cowl effect at the bottom. Her hat was a Lilly Dache model in blue with fuchsia flower trim and flowing veil, and she carried a shower bouquet of American Beauty roses. Her only ornament was a single strand of pearls.

Miss Ethel E. Mercer was the bride's only attendant, wearing a floor-length gown of cante-loupe-green crepe with model hat of matching net and chapeau-trim. She carried a sheaf of Tailsman roses. R. V. Simpson was best man and Dexter Lewis ushered.

Following the ceremony, a reception was held in the Prince Albert room at the Empress Hotel, where a three-tier wedding cake centred the attractively arranged table. The couple left later for Spokane, Glacier National Park, Banff and Vancouver, and on their return will reside in Victoria. For traveling, the bride chose an English wool suit in pink with a white hat accented by a large pink bow.

Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain often need a nerve and general tonic. Glycero-Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to deficiency of Vitamin B (1) in the diet, \$1.00 at all Cunningham Drug Stores and other Drug Stores.

Visits Former Home

Mrs. S. P. Wheelock and her small son, Roger, who have arrived from Ottawa to spend the remainder of the summer with her parents, Dr. and Mrs. H. E. Ridewood, 422 St. Charles Street.

Personal Notes

Mrs. Alice Fea and Mrs. F. Cooke have left for a trip to Alaska.

Mr. Guy Arthur from Montreal has been visiting in Langford with Mr. James Massie, Island Highway.

Miss Rosemary Bullen and Mr. John Bullen have returned to their home at Langford after a motor trip to Bridge River, B.C.

Miss Emily Elworthy left over the weekend for a holiday at Whitehorse, Yukon, expecting to return to Victoria about Aug. 12.

Miss Joan Saul and Miss Gwen Mann returned to Victoria Saturday following a two-week vacation at Jasper and Mount Robson.

Out-of-town guests at the Davis-Pow wedding last week included Mr. J. W. Heffernan, Miss Mary Heffernan, Miss Elaine Kellett, all of Vancouver; Miss Mary I. MacKenzie, Miss L. Margaret MacKenzie, Mr. J. MacKenzie and Mrs. R. C. Armstrong, all of New Westminster.

Miss Eileen Hutchings, who will be married shortly, was guest of honor at a miscellaneous shower held at the home of Mrs. R. Stephen, 268 Palliser Avenue. Those present were Mesdames F. M. Shandley, F. S. Martin, L. A. Gordon, R. Dunn and Misses L. Hawthorn, D. White, M. Hawthorn, A. Dunn, F. Turner and C. Nairne.

Mr. and Mrs. William Sloan are staying with the latter's parents, Mr. and Mrs. J. S. Gill, at their summer home, Elk Lake.

Mrs. Frank Artlett of Glen Lake has returned home after several weeks' vacation in Vancouver.

Mrs. C. Bridgen and her daughter Pat, of Calgary, were guests at the home of Mr. and Mrs. Wm. Donaldson, 3341 Linwood Avenue.

Mrs. Margaret Anne Goddard arrived from San Francisco Sunday after flying from Sydney, Australia. She is now residing with her parents at 3341 Linwood Avenue.

Group-Capt. Gordon Lewis, R.C.A.F., with Mrs. Lewis and their little son, Johnnie, of Calgary, are visiting his parents, Mr. and Mrs. G. H. Lewis, 656 Island Highway, Langford.

Mrs. Robert P. Hall, Orillia Street, returned last week from a visit to Vancouver, Washington State and Portland. She was accompanied on her return by her niece, Miss Shirley Ehrhardt, who will be the guest of her cousin, Miss June Hall.

Mr. and Mrs. John D. Taylor, 1123 Richardson Street, have received word that their son, Sgt. J. Keith Taylor, was among those who arrived at Halifax aboard the Aquitania. Sgt. Taylor has been overseas for the past 23 months. He was formerly a student at Victoria College.

Miss Elizabeth M. Stewart who served with American headquarters at Honolulu for two years, has left for her home in Ohio after spending two weeks with her uncle and aunt, Mr. and Mrs. John E. Goldring, Beresford Place. Mrs. W. J. Mallagh has returned to her home in Toronto after staying with Mr. and Mrs. Goldring.

A bon-voyage party was given by Mrs. J. Kelly at her home on Prior Street, in honor of Miss Eva Young, who is leaving shortly to take a course in nurses' training at Withington General Hospital, England. Buffet supper was served from a table centred with a bowl of sweet peas and tall pink tapers, after which Miss Young was presented with several gifts from the guests who included Mesdames R. Taylor, V. Slavin, A. Ashworth, R. Mezger, T. Akam, Misses Agnes Murphy, Stella Radke, Jean Hall, Elaine Coates and Jessie Buckler.

Honoring Miss Hazel Dauphin whose marriage takes place Saturday, Misses Pauline Bradley, Shirley Young and Ollie Smith entertained at a kitchen shower at the former's home, 322 Edward Street. Guests were Mesdames R. Abbot, J. R. Bradley, L. Dauphin, K. Wilson, E. Griffiths, W. Miller, J. W. Barnes, J. W. Weir, O. Aitkins, D. Shantly and Misses C. Smith, D. Abbot, P. Bradley, B. Wyatt, S. Young, L. Young, E. Martin, D. Abbot, J. Currie, J. Fisher, R. Pain, B. Cruickshank, J. Wyatt, I. Petrina, D. Mason, W. Fallick, M. Dauphin, J. Griffin, M. Griffin, A. de Macedo, V. Banks, I. Bradley and B. Bradley.

Honored Friday On Silver Wedding

On the occasion of their 21st wedding anniversary, Mr. and Mrs. Leslie G. Scott, Shelbourne Street, were guests of honor at a reception held at the home of C. F. Dawson, "Rose Bank," 3920 Cedar Hill Road, Friday evening.

Mr. Dawson was assisted in receiving the guests by his two daughters, Mrs. Gilbert L. Brown, Prince Rupert and Mrs. William H. Lewis. Musical numbers were enjoyed during the evening. Mr. Dawson proposed the toast to the guests of honor and presented them with a gift from their assembled friends. Refreshments were served from a table centred with the anniversary cake flanked with silver tapers.

Among those present were: Mr. and Mrs. C. H. Gray, Mr. and Mrs. G. Brown, Mr. and Mrs. R. Irvine, Mr. and Mrs. H. R. Dawson, Mr. and Mrs. W. Wells, Mr. and Mrs. W. H. Lewis, Mr. and Mrs. D. George, Mesdames J. Fennerty, M. Jackson, Vic Bryant, G. L. Brown, Misses M. Irvine, Laura McClure, Bernice Lewis, R. Whittaker, Marie Scott, Louise Michaux and Messrs. G. Eade, H. Jones and Gordon Scott.

Bible School Closes

After a two-week session with an attendance of 38 scholars, the Daily Vacation Bible School held the closing exercises Friday evening at the Luxton Sunday School. D. G. Merrett of Sidney, director of the school, told parents and friends of the courses studied and handicrafts learned. Friday's program included songs and memory verses by pupils, a reading by Mrs. J. R. Kellerman, reading of the 23rd Psalm by Donald Silman and brief addresses by Dr. J. B. Rowell and W. Hicks. Co-teachers with Mr. Merrett were Mrs. Kellerman, Mrs. J. Line and Miss Ruth Jeffries. Perfect attendance awards were made to Gwen Silman, Jean Petrie, Mary LeBarge, Irene Woodruff, Dorothy Petrie, Shirley Heyd, Shirley Doran, Penny White, Marion LeBarge, Donald Silman, Ernest Richards and Eddie Heyd.

Summer Activities

Plans for summer activities were made at the regular meeting of the Carne Rebekah Lodge, No. 45, Sister Gwen Johnson presiding. A picnic will be held at the Sooko home of Sister Derbyshire, Aug. 7. The buses will leave the Odd Fellows Hall at 1:30 and all members wishing to go must get in touch with Sister Betty Johnston, E 4091, not later than Aug. 3. A regular business meeting will be held Thursday evening at 8.

Married Quietly

The marriage of Iris, daughter of Nestor and the late Cecil Noel, and William, son of Mr. and Mrs. Samuel Sarkonak of Dauphin, Man., took place on the afternoon of July 27 at the home of the officiating minister, Rev. Emma Smiley. After a short honeymoon in Seattle, Mr. and Mrs. Sarkonak will make their home at 1126 View Street.

Summer Hats Ask Masculine Approval

"Behind every woman who buys a hat there is a man-dreamed up or real..." says Lilly Dache, top-flight hat designer, in her recent autobiography.

Above, against the inevitable of pale green satin ribbons

"man in the background," are shown some of the de luxe Lilly's newest summer creations. The dramatic leghorn cartwheel at top is trimmed with fishnet straw. At left, below, is a halo toque trimmed with green foliage and pink cabbage roses, shading from light to dark. The other hat is a white felt bonnet with facing, band and sash ends of black velvet. It is decorated with large white snowballs.

What's New Around the Home

Crumbs in the Toaster?—Use a clean chicken or turkey feather to brush them out. It works like a charm.

Here's a Stunt—If your powder puff has seen its best days, wash it clean, and use it to apply silver polish, furniture polish or scouring polish.

Isn't It Just!—Isn't it just the worst luck when your best tablecloth gets stained? Read on. If the stain's milk, rinse right away in cool, clear water. Then wash. Otherwise the hot water and soap may set the stain. That's easy, isn't it?

Slowly Does It—To preserve your pots and pans slow changes in temperature should be the byword. Enamel, earthenware and glass may crack, thin metal may buckle under too sudden changes. Start cooking on low heat and in-

crease after the pot has become warm. Allow the dishes to cool before putting them in cold water.

"And Her Tears Flowed Like Wine"—Well, wine stains can be a minor tragedy. So stretch the stained portion of the cloth tightly over a bowl. Cover with salt, and pour boiling water through cloth from the height of about three feet. Then launder.

Share With the Hungry—Can you cut bread straight, or are you left with a wedge-shaped end of loaf that can only be used for crumbs? Here's the secret of even slicing. Make sure that your loaf and knife are at right angles to each other; the blade of the knife is absolutely perpendicular and not slanting either to right or left; you cut with a sewing motion.

Dorothy Dix

HOLDING YOUR MAN

A problem that keeps many girls guessing is why they cannot hold their boy friends. Some of them say that they have no difficulty in attracting men, but they cannot keep them. They are one-date Marys. The lads take them out once, but they never play a return engagement.

Myriads of other girls want to know why the boys they have gone about with ever since their school days, and who have been as faithful as old dog Tray, suddenly desert them. They say they are still young and pretty and good dancers, and carry the same line of charms they have always had, and they can't understand why Tom, Dick or Harry, who has been going steady with them for so long, should fade out of the picture without rhyme or reason.

Well, of course, no explanation of the fickleness of man that will hold water has ever been devised. Women with him are purely a matter of taste, and the one that allured him one day bores him to tears the next, and why this is thus he doesn't know himself.

GIRL'S OWN FAULT

Generally speaking, the trouble with the one-date girl is easily diagnosed. It is herself, or her mother. Men have ever a roving eye and a girl who is a conspicuous good-looking has no difficulty in catching it, but to keep it centred on her takes something more than a pretty face.

It takes intelligence and a glib tongue and an instinctive know-how to do it, and, unfortunately, beauty and brains do not often go together. One evening of trying to talk to a dull girl, or a giggler, or a chatterbox is a plenty for a man, especially if he belongs to the great silent type who expects a woman to keep the conversation going.

And if Mama is one of the mothers who thinks that her daughter's beaux came to see her instead of Sally, or if she treats every young man as if he were a kidnapper who had come to steal her darling from her, it is easy to see why when a lad says good night, it is goodbye forever.

Many reasons may be advanced as to why the "steady" becomes unsteady. The chief one is that it subjects him to the monotony of domesticity without any of its compensations. He gets fed up on Sally and craves a change, and so he forsakes her for some girl who has a new bag of tricks.

TOO POSSESSIVE

Another reason is that the girl friend becomes too possessive. The boy may never have thought of such a thing as being in love with her or of marrying her, but she acts as if she owned him, body and soul. She expects him to take her wherever she goes, and to let her dictate to him about everything he does, and she raises ructions if he speaks to another girl. All of which is bound to get on his nerves.

Still another reason why girls

Personals

Mrs. G. Lloyd Smith and her two young children are the guests of Mr. and Mrs. H. Goodmanson, Langford Lake.

A miscellaneous shower honoring Miss Irene McDonald, who is being married in August, was given by Mrs. H. Cumberland and Miss Lorraine McDonald at the home of the former, 1009 Johnson Street. Guests were Mesdames J. McDonald, S. Ash, R. Ash, J. Watson, J. Rawlings, F. Johnston, V. Booth, Miss Telma Whyte and Master Jerry Booth.

Mrs. F. G. Maynard and her daughter, Miss Doreen Maynard, entertained recently with a miscellaneous shower at their home on Southgate Street, to honor Miss Joyce Goggin, a bride-elect of this month. Assisting the hostesses were Mrs. David Goggin, Mrs. Ivan Moore and Mrs. Michael Jamieson. Others present were Mesdames H. W. Goggin, J. O. Nicholls, Rita McTavish Hughes, Eric Jones, Ernie J. Butler, G. H. Bowden, A. E. Relf, J. H. Slater, Watson Smith, R. B. Edwards, C. Marsh and Miss Elsie Harker.

Plan For Fall

The Philomel Choral Club of the Y.W.C.A. is already making plans for their fall and winter program. Mrs. W. H. Wilson, director of this choral club for young women, announces that registration is open now for those interested in taking an active part in a choir. An interesting program has been planned with musical evenings and concerts. Anyone interested is asked to register at the Y.W.C.A. this week with Miss Marion Foster, girls' program secretary.

Langford P.T.A., special meeting, Tuesday, 8, Langford School.

500 Attend Closing Of Garden Library

Routine activities of the Children's Garden Library were demonstrated before more than 500 visitors at the closing session at the home of Mrs. W. W. McGill, 1170 Tattersall Drive, Saturday.

They included the colorful Flag Break ceremony, the "C for Citizenship" parade, health rhythms, games, songs and a Bible story told with the aid of the flanelgraph.

Little Sharon Reid welcomed the guests and Reeve A. G. Lambrecht spoke in appreciation of the Garden Library work. Miss Marion James, Mrs. Nellie McClung and Mrs. E. M. Bryce also spoke of the value of the training for young children.

Mrs. F. J. Eves, representing the Mothers' Study Group thanked Mrs. McGill and presented her with a corsage bouquet. Sharon Reid and Robin Middleton assisted Mrs. McGill in presenting corsage bouquets to the Garden Library volunteers. They included Mesdames M. Burdick, M. J. Hunter, H. J. Seate, C. Hilton, F. Mawdsley, R. Garner, R. Hartie, H. Lowe, M. Zabel, K. Gent and Misses Trudie McGill, Mary Higgs and Sara Lehn, group leaders.

Junior assistants receiving bouquets were Misses Irene Hartie and Donna Mawdsley; craft instructors, Mrs. R. Piddington, Mrs. G. W. Massey and Misses D. Austin, F. Phillimore, Margaret Freeman; nurse, Mrs. John McTavish.

Tea was served under the direction of Mrs. K. Gent and Mrs. W. H. Stevens.

Navy League Chapter, I.O.E., knitting meeting, Wednesday, 2.30, home of Mrs. J. L. Ford, 14 Linden Avenue.

often find themselves forsaken is because they made themselves a luxury that their boy friends couldn't afford. They were too good at gold-digging. They had too many birthdays. They had to have too many wrist watches and orchids and too much caviar. So the lads dropped them for sweeties who would think the movies and a hot dog a treat.

And, most of all, girls drive away potential husbands by being too eager to marry. The boy is on the anxious seat, not sure of himself. He doesn't want to be tied down, but the girl is so afraid she will lose him she tries to hurry him to the altar, and that scares him so that he scrams.

Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.50 for 10 lines, and 15c for each additional line.

Mr. and Mrs. Geo. Lukinuk announce the engagement of their daughter, Anne Nell, to Albert Gordon Holmes, son of Mr. and Mrs. A. Holmes, Vancouver Street. The wedding will take place at St. Mary's Church, Oak Bay, Aug. 28, at 8 p.m. Archdeacon Nunn will officiate.

Club Calendar

Cornish Association, luncheon, Saturday, 1.30, Kit Kat Tea-rooms, to honor Seattle group. Members wishing to attend should contact Mrs. Williams, E 8790 . . . Esquimalt Women's Institute, card party, Thursday evening, 8, St. Paul's Church House.

Primer for Brides—The bride and her father are the last to enter the church and walk down the aisle, her left hand on his right arm. The bride may choose a brother or uncle or other male relative if she has no father, or she may walk alone and be given away by her mother, who responds to the question, "who giveth this woman" from where she stands.

Building Slumps Here In Past Week

Building in Greater Victoria is showing a midsummer slump with permits valued only at \$95,720 having been issued in the area during the past week.

Victoria continues in the lead so far as building is concerned, having issued 27 permits for a total value of \$62,120. Among these were permits for seven dwelling and one for a combined store and dwelling.

In Saanich there were 20 permits issued for building, valued at \$27,450. Among these were six dwellings, value \$18,150, and one bakery, costing \$2,500, which will be built at 3334 Carey Road.

One permit was issued in Esquimalt for erection of a five-

room dwelling at Lyall and Comford Streets, to cost \$5000.

Two building permits were issued in Oak Bay for construction valued at \$1,150. One was for a \$1,000 kitchen alteration at 2566 Bowker Avenue, and the other for a \$150 kitchen alteration at 1042 Monterey Avenue.

A color film will be shown of the Victoria Girls' Drill Team from its inception in 1938 to the time of the Portland Rose Festival Parade, together with other films of California and Alaska at the Prince Robert Auditorium next Wednesday night at 8.

J. K. Hodges, manager of the Empress Hotel, has written the City Council asking that a no-parking zone be established on Douglas St. opposite the fuel oil intake which supplies the hotel power house on the west side of Douglas Street. He said that frequently the truck unloading oil has to double park because of cars there.

Parasite From East To Combat Sawfly

The Dominion Agriculture Department forest insect investigation service here will shortly import about 20,000 parasites from Ontario in an experimental effort to combat the hemlock sawfly which has invaded the forests of the Queen Charlotte Islands.

The parasites, produced in the Belleville parasite laboratory of the Dominion government, will be brought here by air. They will probably be released on the Queen Charlottes early in August.

A relative new pest in the Queen Charlotte hemlock forests, the hemlock sawfly so far has not caused extensive damage but officers are concerned as to whether or not the present attack presages a general infestation.

Whether or not the parasite, of the genus sturmia, will be effective in combatting the hemlock sawfly, is not known for it has never been used on this pest. But since the small parasitic fly has been effective against other species of sawfly forest insect officers here believe the experiment is worth trying.

Next summer they will take checks to see how the sturmia are surviving.

It is not believed the parasite will be effective against huge numbers of the hemlock sawfly but if a strong colony of sturmia can be built up it may keep the hemlock sawfly down.

'Keep Your Wits' Pedestrians Told

A warning to pedestrians to "keep their wits about them" when crossing roads on which there are oncoming cars, was issued by Police Chief John A. McLellan today.

"Traffic engineers tell us that the average pedestrian who starts to cross the road when a car traveling at 30 miles an hour is 58 feet away, will be killed unless the motorist can avoid him by some miracle," the chief said.

"Even when the motorist is traveling at only 20 miles an hour the average pedestrian must be over 38 feet away before he has any chance to save his life.

"And remember," the chief added, "this is not taking into consideration old people, absent-minded people, lame people, people hard of hearing and of poor sight, nor of children who are apt to hesitate and act erratically. It means the average pedestrian crossing the street in a normal manner not suddenly changing his mind nor stepping out from behind parked cars.

"It would be a good idea for pedestrians to step off these distances just to see what they actually mean," Chief McLellan said.

Novel Musical Form At Summer School

Something new was offered Summer School of Education students at their Friday recital, when Selma Reyes and Mervin Cummings presented a program of unaccompanied violin music.

Program offerings included sonatas by Bach, Hadyn and Prokofiev, with a group of German dances by Mozart as an encore.

The two were evenly balanced in their playing, complementing each other remarkably well.

The program was very well balanced, with the cool melody of the Bach, the fully-scored quartette effect of the Haydn, and the modernism of the Prokofiev.

In Elizabethan England, slandering persons were often pilloried and had their ears nailed back,

Victorian Commands New Fisheries Ship Due In Coast Waters

Overhauled and refitted since her release from war duties with the Canadian Navy, C.G.S. Laurier, under the command of Capt. Llewellyn Sheppard, 1407 St. David Street, sailed from Halifax this morning for Victoria, via the Panama Canal, it was reported here today.

On her arrival, the Laurier will go immediately into service as one of the fisheries protection vessels of the Dominion Department of Fisheries.

Capt. Sheppard was formerly master of the department's west coast vessel Nitinat. He served during World War I as an officer in the British navy.

A twin screw, steel ship, the Laurier was built at Sorel, Quebec, in 1936. In peacetime, she was in the marine service of the R.C.M.P., but was taken over by the navy in 1939 and was used during the war on Atlantic convoy duty and in coastal patrol.

One hundred and thirteen feet long, the Laurier is a sister ship of C.G.S. Macdonald, which has also been acquired by the Department of Fisheries for its Pacific protection service and is at present at New Westminster for overhaul and refit. Both vessels, regarded as excellently suited to their duties, were obtained by

the department when the war's end made them surplus to naval requirements.

The ancients considered even numbers as female, odd numbers as male.

Alexander the Great found bananas growing in the valley of the Indus in India in 327 B.C.

Extinguish 8 Fires

Saanich and Oak Bay fire departments answered eight alarms Friday, but damage was not serious.

A fire in a new car parked on Oak Bay Avenue was extinguished by the Oak Bay force as

well as three grass fires in the 2600' and 2900' blocks of Lansdowne Road and the 3100 block of Midland Road.

Two grass fires were attended by the Saanich department, one at Hobbs and Penrhyn Roads in the afternoon and the other on Regina Avenue in the evening. A roof fire at a house on Cobb

Lane was extinguished and a fire in some rubbish at the Cloverdale car barns was put out early today.

Teakwood is the most valuable of India's timbers.

Columbus found cotton growing in the West Indies, and the natives making cotton cloth.

Flavorful "POST'S" means Bran You'll Enjoy

... You get other valuable food essentials, too

ONCE you've discovered Post's Bran Flakes, you'll realize how delightful it is to include that important bulk in your diet... delightful, because that's how Post's Bran Flakes taste... and easy, because bran is a natural bulk food.

Post's Bran Flakes provide good, sound wheat nourishment, too, because they're made with other parts of wheat. Order them from your grocer - and remember to ask for Post's Bran Flakes.

EXPOSING A \$25,000,000.00 INCOME TAX SCANDAL

● Parliament is the centre of an attempt by a powerful pressure group to do the public treasury out of \$25,000,000.00 of income and excess profits taxes.

The officials of the wealthy and politically powerful Pool Elevator Companies of Western Canada have descended on Parliament demanding that the government abstain from applying the income tax laws to the Pools. These Pool officials are accompanied by the din of newspapers, which they own, and radio time which they have purchased, and are surrounded by a swarm of lawyers.

In this manner the Pools, for 16 years, have successfully evaded paying income taxes.

It is almost unbelievable, isn't it? Particularly when you recall how you personally have been hounded and bled white by the Income Tax department for every cent of income taxes that you owe.

POLITICAL INTERFERENCE IN THE ADMINISTRATION OF INCOME TAX LAWS

As far back as 1941 the Department of Justice ruled the Pools were not entitled to income tax exemption. The Pools have refused to pay their income tax assessments and the question of their liability to pay is now before the courts.

In the 1946 Budget speech the Minister of Finance offered to settle with the pools for approximately one-half of the \$25,000,000.00 which it is estimated they owe. The Minister indicated that if this compromise was not acceptable the courts must determine the legal position.

The Pools now seek complete escape from payment of income taxes, or the hearing of the cases in Court. Pool officials have been in Ottawa for weeks lobbying Members of Parliament to force the Department to withdraw the actions launched in Exchequer Court to collect income taxes levied against the Pools.

You, and every other Canadian, are entitled to demand the same income tax forgiveness as that proposed for the Wheat Pools:

Why should the Pools be permitted to escape paying \$25,000,000.00 of income taxes when you pay every cent of taxes that you owe. You are not getting any tax relief this year.

The Wheat Pools have more than enough cash in their treasuries to pay their full income tax liability.

The Income Tax law is not a law to be applied only to you and to Companies who do not control votes. It is not a law to be flouted and evaded by politically powerful commercial groups.

MR. ELLIOTT MUST ACT

Mr. C. Fraser Elliott, the deputy Minister of Income Tax, is responsible to the people of Canada for the administration, without fear or favor, of the Income Tax Act. Neither Parliament, nor the Cabinet, have authority to interfere with the administration of the law as it stands on the Statute Books of Canada.

If Parliament seeks to enact retroactive legislation to permit the Pools to escape their income tax liability then we will deal with such reprehensible legislation if, and when, it arises. No Government of Canada has yet enacted retroactive legislation to relieve a pressure group from paying its just taxes.

If there is any doubt about the law the Courts are available to interpret it in so far as the Wheat Pools are concerned. The Royal Commission on Co-operatives has so advised the Government.

Mr. Elliott's job is that of collecting income taxes owing to the Government. He has the machinery and the authority to act. He is the servant of the people of Canada.

Mr. Elliott must act.

Red Cross Needs More Meat Coupons

"Turn in meat coupons before starting vacations," the Red Cross coupon collection committee, under Brig. W. G. Colquhoun, urged today.

"Victoria," Brig. Colquhoun said, "originated the drive for surplus meat coupons to provide extra shipments to Europe. The city must maintain its lead in

the number turned in each month."

He pointed out that 4,457 coupons had been received at headquarters, 602 Broughton Street, from June 15 to 30, while only 2,604 had been collected during the first two weeks of July.

"Coupons must be valid when they reach the ration board," he said. "Quite a few which have already expired have been received. They came mostly from people who had returned from vacation and found they had coupons to spare."

R. C. Vaughan, chairman of the board and president of the Canadian National Railways, originally scheduled to reach here Sunday, will now arrive Monday morning, leaving Victoria on the Monday night boat for Vancouver.

2000 See 'Little Bit Of Scotland' At Highland Games At Macdonald Park

More than 2,000 persons were entertained by bagpipe bands, athletes, pipers and dancers at the Highland Games at Macdonald Park.

Four of the finest professional highland dancers participating in the ninth annual Scottish games. They are, left to right, Walter Burgess, Victoria, who scored one of the highest point scores of the day to capture the B.C. and island championship aggregate trophies; Ella Dalg, Georgina McPhail and Betty Pringle Barrett, all of Vancouver.

James Bay's Macdonald Park looked like "Little Scotland" Saturday when local clanfolk gathered in full kilts and regalia, from tiny-tots to grownups, and entertained a crowd of more than 2,000 with a Highland games program of athletics, bag-piping and dancing that started in the morning at 9 and concluded after 6 in the evening.

This was the ninth annual presentation of the games by the Victoria Highland Games Association and was considered the "best yet" by natives and visitors. It was a colorful scene that enjoyed ideal summer weather conditions. Throughout the day the constant skirl of the bag-pipes pervaded that area of James Bay. Just about every type of tartan that has been designed adorned the figures of young and old, either running the show or participating in it.

It was a young lass by the name of Joan Bryan, from Edmonton, who walked off with the premier honors of the day. She compiled 15 points from a quintet of victories in the Highland dancing to win the William Auckland Trophy, award for the competition scoring the grand aggregate for all events.

OPENED BY GOVERNOR

Lieutenant-Governor W. C. Woodward and Mrs. Woodward were among the honored guests present and at 2 in the afternoon His Honor officially opened the ninth games program. Col. Mitchell was the governor's A.D.C. Following the meet, association officials Maj. James Dewar, president, and John Mackay, secretary, extended a vote of thanks to all who aided in the running of the games, which attracted entries from as far east in the west as Saskatoon.

A distinguished Highland personage who attended, but did not compete, was Alex McNeill, Montreal, who has played in competitions all over Canada and piped for Sir Harry Lauder.

Following the park program old-time Scottish dancing was enjoyed in the K. of P. Hall and at the British Public Schools Club the pipers who participated were guests of the local pipers' society, Alex Alnutt taking the chair in the absence of the president, Capt. Charles Wilson.

McMILLAN PIPE WINNER

Well known in Victoria, Vancouver Island and B.C. piping circles, James McMillan scored two firsts and two seconds in the professional pipe events to score up 10 points that won him two aggregate trophies, the Dr. Wallace Gunn Trophy and the Lt. D. Stewart Memorial Trophy. Walter Burgess came through

with the second highest point score of the day, 11 1/2, through three first dancing prizes, one second and one fourth. He also won two aggregate trophies, the open B.C. championship for the Bapco Cup and the John Macdonald Trophy for the island championship. Mavis Manzer, New Westminster, in the under 16 girls' dancing events, came through with 11 points, to win the George MacBeth Trophy.

Two other Edmonton girls in the dancing ranks, Marlon E. Clay, under eight years, and Marilyn Ritchie, under 10 years, won aggregate trophies.

Aggregate and individual trophy winners follow:

William Auckland Trophy, grand aggregate for all events, Joan Bryan, Edmonton; W. J. Pynn Shield, grand aggregate,

under eight years, E. Marlon Clay; Adeline Grant Duncan Cup, under 10 years, Marilyn Ritchie; Alex Cameron Cup, under 13 years, Joan Bryan; George MacBeth Cup, under 16 years, Mavis Manzer; Bapco (B.C. Championship), grand aggregate open, Walter Burgess; Mrs. F. Finlayson award, junior championships, Vancouver Island, under eight years to under 12 years, R. Marrs; William John Macdonald award, Vancouver Island, championship, grand aggregate open, Walter Burgess; Anderson Trophy (V.I. senior championship) grand aggregate, under 16, Margaret Helan Courtenay.

Vancouver Island Pipers' Society, grand aggregate juniors, Duncan MacInnes; Lieut. E. G. MacCall, Rose Bowl, grand ag-

gregate, girls' amateur piping, B. P. Barrett; Robert Smith, grand aggregate, amateur, I. M. Inkster; Dr. Wallace R. Gunn, grand aggregate open, J. McMillan; John Day, Pipe Band, A Division Seaforth Cadets; Alan Graham award, B Division, Glen-garry Girls.

Lt. D. Stewart Memorial Trophy, J. McMillan; T. W. C. Hawkins Cup, for band drumming section, Seaforth Cadets; Dr. J. D. Hunter, track and field award, Bob Johnson and Rod MacIsaac, Vancouver; Hon. John Hart award, tug-of-war open, Vancouver Police.

Kelowna Bus Crash Sends 14 To Hospital

KELOWNA, B.C. (CP) — Fourteen persons were injured Saturday night when a Greyhound bus careened off the highway about one mile south of Westbank.

Taken to hospital here are: Miss Emily MacColl, 40, Vancouver, lacerations of leg; Miss Sharon West, 16, Kelowna, lacerations of leg; Miss E. Ricci, 46, Pentteton, lacerations of face; Winnifred Valentine, 15, Kelowna, lacerations of face; Violet Elchuk, Kelowna, 16, injuries on face; H. T. Meddins, 37, Kelowna, compound leg fracture, and Mr. and Mrs. T. Petroe, Pentteton, shock.

The bus, which was en route to Pentteton from Kelowna, went off the roadway after passing over Power's Creek bridge, one mile south of Westbank. It was understood a broken steering gear caused the accident.

Had not the bus driver applied the brakes immediately, the vehicle would have plunged another 75 feet to the creek bed below. It came to rest about 12 feet from the top of an embankment, on a 45 degree angle, against a tree.

Passengers at the rear of the bus suffered the worst injuries as they were thrown over the

VICTORIA DAILY TIMES: Monday, July 29, 1946 9

heads of those sitting in the front of the bus.

The Victoria Public Library will be closed Aug. 5 to Aug. 17 for painting. Members may borrow on each card six volumes of fiction and any reasonable number of non-fiction books.

Air Marshal Croll, chairman of the Provincial Gliding Committee of the Air Cadet League of Canada, will open the cadet gliding instructors' school at the R.C.A.F. station at Patricia Bay Aug. 2.

Emotional Thinking On Both Sides In Labor-Management Issues

(Note: This is the second of two articles on public attitudes towards labor-management disputes.)

By Canadian Institute of Public Opinion.

TORONTO—Just how much prejudice and emotional thinking there is in the human relations of labor and management is shown by the fact that today a majority of employers believe that there are "too many trouble makers and agitators" among union labor leaders. Conversely, a majority of union members believe that "management is too selfish and unreasonable."

By taking a special sample of Canadian employers (i.e. those employing 15 or more people), the Canadian Institute is able to compare the opinions of employers with those of organized labor.

To cross sections of both groups (as well as to the public-at-large), Gallup Poll reporters across Canada posed an identical set of questions, one of which was:

"Some people say there are too many trouble makers and agitators among union labor leaders. Others say that this talk is only anti-labor propaganda. What are your views on this?"

Below, the views of the employers, union labor, and the general public are compared in tabular form:

	Employers	Labor	Public
Agitators	58%	31%	50%
Propaganda	12	62	33
Other	13	7	17
No Opinion	15	20	21

"Labor includes only the views of union members, and their families."

VIEWS ON MANAGEMENT

Second question asked about management:

"Some people say the management is too selfish and unreasonable. Others say most of them are sincerely trying to co-operate with labor. What are your views on this?"

	Employers	Labor	Public
Unreasonable, etc.	100%	51%	34%
Sincere	0	45	58
Other	0	4	8
No Opinion	0	10	21

The survey showed a notable cleavage in the thinking of organized and unorganized labor on these issues. The views of unorganized labor are about halfway between those of employers and those of union labor.

It will be noticed from the above tables that, on the question of "trouble-makers" and "agitators" among labor leaders, the general public's point of view is closer to those of the employer group than it is to organized labor. On the other hand, on the issue of the sincerity or otherwise of management, the general public is practically evenly divided between the two extreme points of views.

No matter how much one discounts the importance of the human relationship in management-labor disputes, it still remains a fact that highly-charged emotional attitudes can seriously interfere with the reasonable solution of whatever issues there are.

Victoria Nature Talks

WAYSIDE GRASSES

ONE of the blessings of moist summers is the excellent growth of grass and the greenness of boulevards and roadsides. It is not even necessary to go outside of the city to see how the standing hay crop looks. On many a vacant lot, especially where in years gone by old farms extended, noble growths of cultivated and other grasses call for the man with the scythe.

One of the commonest of these is the cock's-foot or orchard grass, a European species brought to this continent in the early days of settlement and then by a curious twist of history brought back to England from Virginia by the Society of Arts about the middle of the eighteenth century. In its wild state it occurs all over Europe and into northern and central Asia and in North Africa. It is a tall rough grass with strong stems and clustered spikelets at the end of short stiff branches that spread out at blossom time so as to have suggested a bird's foot.

Quite otherwise is the barren brome, another tall European grass that appeals to the lover of beauty by its delicate drooping habit and color, the last changing from the green of immaturity to a fine purplish tint when the seed ripens. It is not one of the farmer's favorites as its food value is low.

Perennial rye-grass is as stiff in appearance as the barren brome is lightly graceful. The spikelets are arranged singly and alternately along the upright stem, the base of one opposite the tip of the next on the opposite side. It has a natural original distribution like that of the orchard-grass, but like both the last is found now pretty well all over this continent except the warm dry parts. The most valuable kind is the variety known as Italian rye-grass.

Kentucky blue-grass is another European plant despite its common name on this continent. It is actually native to Europe from the Mediterranean to the Arctic Circle and to northern and central Asia. But it is in limestone regions that it reaches greatest perfection, and in Kentucky and its sister-state of Tennessee, regions where that rock abounds, it flourishes and perhaps the most noble of all the grasses for agriculture as a British authority once described it. So we get the name of Kentucky blue-grass and in turn "the blue-grass State." The appearance of this tall grass is pleasing. The florets are carried in an open panicle or inflorescence, with slender branches of varying lengths in whorls about the upper part of the main stem.

There is another brome-grass that ranks as a weed because of its agricultural deficiencies, and so is called "cheat" or "soft cheat." Its panicle or inflorescence is narrower and not so open as in the barren brome, and the oval spikelets are silvery green with short awns. Like so many of the grasses it is ornamental when in flower.

GRASS FLOWERS

Through the flowers of grasses are individually small and require in most instances a

magnifying-glass for their close examination they are interesting in their simplicity of pattern. The typical grass flower is placed between a pair of small scales, the larger called a glume, the smaller a palea, the latter really enclosing the flower which is made up of two or three tiny scales, usually three stamens, and an ovary with a single cell and bearing a pair of hairy or feathery stigmas. The stamens swaying in the breeze make one of the charms of summer and remind us that the grasses are wind-pollinated, at least for the most part, and as a good breeze is necessary to bring out the pollen cross-pollination is practically inevitable.

C.C.L.-A.F.L. Group Protests Injunction In Labor Disputes

Labor's protest against the granting of injunctions by the courts to restrain picketing of businesses out on strike is growing here, the latest group to go on record against such action being the Vancouver Island Joint Labor Conference, delegate body representing about 50 C.C.L. and A.F.L. unions on the south end of Vancouver Island.

At a meeting Sunday night at the Trades and Labor Hall here, the conference protested the granting of injunctions in labor disputes. The protest was aimed immediately at the injunction to restrain the striking typographers at the Vancouver Daily Province during a recent strike.

A. P. Rayment, president of the Victoria and District Trades and Labor Council, told the conference of the activities of the Anti-Injunction League and again asked support for the league by all trade unionists. He said keen interest had been shown by delegates from 45 organizations, including the City Council, Local Council of Women, Parent-Teacher Council, veterans groups, church groups, Trades and Labor Council and the V.I. Joint Labor Conference.

200 CUT OWN WOOD

With a shortage of fuel again causing concern, the fuel committee has been reactivated. C. W. Marshall reported. Two hundred permits have been issued to persons wishing to cut their own firewood. Permits, said Mr. Marshall, may be secured from the secretary at 515 Belmont Block between 9 and 10 each morning.

R. F. Williams, reporting for the Citizens' Rehabilitation Conference, protested the delay in dealing with applications under the Veterans' Land Act. He also protested the high prices being asked for completed dwellings under the small holding arrangement.

Mr. Williams also announced that the Federation of Telephone Workers of B.C. had signed an agreement with the B.C. Telephone Co. for a 40-hour work week.

Premier E. C. Manning of Alberta, head of the Social Credit party in that province since May 31, 1943, today is holidaying in Victoria.

Herman Barron Wins All-America Golf Title

CHICAGO (AP)—Herman Barron of White Plains, N.Y., the leader from the start, Sunday won the \$10,500 purse in the All-America open tournament, golf's richest meet, by closing with a par-matching 72 for a 72-hole aggregate of 280.

Barron was a stroke ahead of ex-tennis star Ellsworth Vines of Chicago, who slammed a three-under-par 69 for a 281 total.

Third place in the three-ringed all-America circus witnessed by a closing-day crowd estimated at 50,500 went to ex-baseballer Sammy Byrd of Detroit, whose wind-up 70 gave him 284.

Leading money-winner Ben Hogan took a final 72, for fourth-place 285, while Claude Harmon of Mamaroneck, N.Y., the 54-hole runner-up to Barron, and Henry Ranson of Dallas, Tex., tied for fifth with 286's.

The 36-year-old Barron, who previously had won only \$9,200 this season, held a three-stroke lead at 54 holes in this \$45,600 tournament. He was two over par on the first nine yesterday with a 38, but rallied brilliantly with a birdie four on the 460-yard 10th, and another birdie four on the 500-yard 15th which decided the tournament.

Barron's four rounds of 68, 71, 69 and 72 left him eight under par 288 for Tam O'Shanter's 6,760 yards.

Defending champion Byron Nelson, who last year blazed a record 269, 19 under par, this time finished with 287, only one under par and seven strokes off the pace. Nelson failed to better 70, struggling to rounds of 73-72-70-71.

Play Opens Today In B.C. Tennis

Victoria Lawn Tennis Club's grass courts presented a neat and pleasing combination of green and white for the opening this afternoon of the 49th renewal of the British-Columbia lawn tennis championships.

Bill Beale of San Francisco drew first seedling in the men's open singles, while Charles Sutton of Berkeley will play in the number two spot. Sutton will oppose Ozzie Ryall, former first ranking B.C. player who is now back in the game, at 6 tonight. Also playing this afternoon are Sam Lee, seventh seeded from Portland and Bill Last, promising Vancouver player, while Dick Oswald, fifth seeded from Seattle meets Dick Street of Aberdeen, Wash. Hank Bennett, local sixth seeded, plays Ron Mitchell, B.C. Electric club champion, match to start at 5. Also playing during the afternoon will be the American pair of Bud Gilmore, eighth seeded from Salem, Oregon and Wally Bostick, Washington State junior champion.

George Vico Sold To Detroit Tigers

OAKLAND, Calif. (AP)—George Vico, 22-year-old first baseman for Portland of the Coast League, was sold Saturday to Detroit Tigers of the American League for an undisclosed sum and players.

Vico will report to Detroit for the last two weeks of this season, but will return to Portland for the 1947 season.

Vines' Dignity Just Cost Him Cool \$675

CHICAGO (AP)—Ex-tennis star Ellsworth Vines places a high price on his dignity. At least, he considers it worth more than \$675.

Vines, finishing second in the all-American open golf tournament at Tam O'Shanter course yesterday, collected only \$1,325 instead of the advertised \$5,000 second-place money, simply because he refused to wear a number.

Promoter George S. May, not overlooking any detail that would add to the crowd's interest in the game, had ruled that entries who failed to wear identifying numbers would win 15 per cent less.

Vines explained his attitude: "It was a case of dignity ahead of dough."

Lewis Captures Four Titles In Canadian Tennis

OTTAWA (CP)—The tennis-playing Lewises of Huntsville, Alabama—Morey and Baga—to day have four more trophies to add to their collection following an almost complete sweep of titles at the Canadian tennis championships Saturday.

The men's doubles crown alone was salvaged from their assault by the rampaging Macken brothers of Montreal, Brendan and Jimmy.

Morey won his second Canadian men's singles crown and teamed with his wife to capture the mixed doubles. Mrs. Lewis was in a class by herself in the women's division, trouncing Noran Haney of Summit, N.J., 6-1, 6-3, in the singles final and pairing with the 19-year-old McGill University student for an easy women's doubles victory, 6-2, 6-0, over Enid Nicholls and Doris Ell of Montreal.

The men's singles final was a classic. Lewis, winner of his first Canadian title at Windsor, Ont., in 1939, was pitted against the defending 1940 champion, Don McDiarmid of Ottawa, whom he defeated 2-6, 8-6, 6-4, 6-4.

BITTER FINAL
In a sizzling men's doubles final, Lewis was paired with a veteran Ottawa competitor, Edgar Murphy, against the Macken boys. The Mackens dropped the first set 3-6, but in the next three sets took command at net to send crashing back just about everything Lewis and Murphy could throw at them and win 6-1, 6-4, 7-5.

In mixed doubles, the third Lewises lost a first set 6-8 to Miss Haney and Brendan Macken, but came surging back to win the next two by the decisive scores of 6-2, 6-1 in a match which had to be concluded under lights.

Victoria Juveniles Lose Close Games

Invading Seattle juvenile baseball nines, Wallingford and Rainier Valley, emerged with narrow victories over Victoria's juvenile all-stars in Victoria's first international minors baseball doubleheader Sunday. Program was sponsored by the Victoria Minor Baseball Association.

The locals, composed mostly of the leading Eagles nine in the juvenile circuit, played good ball in the field but were weak at bat. There was a good turnout of fans who saw the All-stars suffer a 5 to 2 defeat at the hands of Wallingford in the opener and then lose 5 to 3 against the Valley unit.

Bernie Anderson did the mound-work for Victoria in the opening game and John McIntosh handled the pitching chores in the second.

About 15,000 drugs have been tested experimentally to destroy malarial infection in the human body.

Wins Century At Highland Games

Speedy Harry Mitchell of the Victoria Flying "Y" Club breasts the tape in the 100-yard dash at Saturday's colorful Scottish sports. Next to Mitchell is Spike Dalziel, another member of the "Y," who finished third, and next to him is Ronnie Dalziel also of the "Y," who took second place.

Harry Mitchell and Bert Thirwell were the members of the Victoria Flying "Y" track and field team who checked in with double victories to pace the local club in the ninth annual Highland Games Saturday.

Two names to emerge from the track and field competitions with major honors belonged to Vancouver. They were Bob Johnson of the Western Sports Club and Rod MacIsaac, unattached. They gathered their points in the heavy events in the field and will share the Dr. J. D. Hunter Trophy, the silverpiece at stake for aggregate honors. Each completed 10 points.

On the basis of individual club records the Victoria "Y" squad, coached during the past few weeks solely by former Olympic star Bruce Humber, in the absence of Archie McKinnon, came through with the best point-score by virtue of seven firsts, eight seconds and six thirds. On the basis of one city against another the Vancouver contingent, more heavily represented than the locals, took away the lion's share of the trophies.

McKinnon credited the performance of Mitchell to the good handling by Humber. "He has done a fine job in bringing Mitchell along," remarked McKinnon, who figures the lad has qualities that will pay off with plenty more victories in future senior company. Mitchell ran the 100 yards open in 10 seconds flat, did the 220 in 23.1 to head

Major Baseball

Feller Racks Up No. 19

Unless Cleveland's Bobby Feller or Detroit's Hal Newhouse hits an unexpected decline, there appears a good chance today that the American League will furnish two 30-game winners this season.

Not since 1912 when the immortal Walter Johnson and Smokey Joe Wood reached the 30-victory mark did two great pitchers come along with such peerless parallel performances.

Following on the heels of Newhouse, who became the majors' first pitcher to win 20 games Saturday, Feller racked up his 19th triumph yesterday by shutting out Washington Senators, 2 to 0, in the opener of a doubleheader.

The Indians also won the nightcap, 7 to 4, to advance within three games of the fourth-place Nats.

Newhouse, needing only five more victories to join Cy Young, Lefty Grove and Johnson as the only American League pitchers to win 25 or more three years in succession, was idle yesterday as the Tigers divided a doubleheader with Philadelphia Athletics before a capacity crowd of 51,116 which enabled the Bengals to climb over the 1,000,000 mark in home attendance.

Dizzy Trout went down to his third straight shutout defeat as Jesse Flores scattered seven Bengal bingles in pitching the A's to a 2 to 0 win in the opener. Frank (Stubby) Overmire spaced seven hits to defeat the Mackmen in the nightcap, 6 to 2.

MAINTAIN LEAD
The pace-setting Boston Red Sox maintained their 11-game lead over New York Yankees by gaining an even split with St. Louis Browns. After Denny Galehouse had stopped them, 3 to 2 in the first game, the Sox stripped six St. Louis chukkers for 13 hits and an 11 to 4 triumph in the afterpiece.

The Yankees also had to come from behind to break even. Held to six hits in the opener by Johnny Rigney who blanked them 2 to 0, the New Yorkers hopped on Ralph Hamner and

the field. Thirwell's victories were in the open high and broad jumps.

VANCOUVER MAN QUOTING CHAMP

In the quelling competitions held at the east end of the park Andrew Wilson, Vancouver, won the Half-Way House Trophy, emblematic of the island championship. His son, Archie, placed second; Tom Bridges and J. Redden, both of Victoria, third and fourth, respectively.

Competition in the opinion of Vic "Y" officials was the best in the history of the game staged here. Entries totaled 60, and 99 per cent of them were Victoria and Vancouver clubs.

There was one outstanding American who entered for the races in the person of Don Wold, Seattle, who earlier in the year placed second in the U.S. intercollegiate mile. Wold won the mile easily in the time of 4.31. K. McPherson of Vancouver, was second, and Cliff Salmon, Victoria, third.

Vancouver had plenty of power in the fair sex ranks and they won the majority of laurels. Event with the keenest flavor of the day was the open girls' broad jump in which Shirley MacInnes, Hudson's Bay Club, Vancouver, nosed out Elaine Shilburn, Victoria and western Canada titleholder, by a quarter of an inch. MacInnes jumped 16 feet, 11 inches. Shilburn was third in the high jump.

Tommy Banister's Victoria po-

lice tug-of-war team, outweighed, lost to Vancouver police in two straight pulls. A height of 11 feet, three inches, was attained by elongated Doug Robinson, Vancouver, in the pole vault. Don Wilson, Victoria, was second.

SWEEP CENTURY DASH

Victoria "Y" made the only club sweep in an individual event, the 100 yards men's open won by Mitchell. Ron Dalziel was second and G. Dalziel third. Vic "Y" lost out in the men's open relay when the stick was knocked from the hand of a local runner by one of the opposing competitors. Owl Club of Vancouver placed first, two other mainland club entries, Pacific Club and P.M.B.A., placing next in that order.

Big Bill Thompson, recently back from overseas airforce duty, collected the trophy in the 16 lb. shotput open, placed third in the open cabre-throwing event. Pat Fleming of Vic "Y" was in the victory picture again. Western Canada senior high jump champion, she made the best height of the day in the open.

Victoria "Y" personnel in the money in other events were: Robert Sam, third, 440 junior; Andy Gillespie, recently back from McGill University, second, 440 open; J. Isherwood, third in same event; Ken Troupe, first, mile junior, third, 12 lb. shotput; R. Dalziel, third 220 open, second, broad jump open; Wilson, second, high jump open, and Frank Collier, third, 28 lb. weight throwing.

Scotch Pert Winner; Koroway Runs Last

SEATTLE (AP)—Scotch Pert drove to a victory by a nose Sunday in the featured \$7,500 Seattle Handicap at Longacres Race Track, covering the mile and one-sixteenth in 1:44 to edge Mouse Hole at the wire. Mrs. J. Ayer's Chestnut horse was well back for the first half mile, but came fast when he made his bid.

Koroway, the favorite, brought down from Canada for the race, ran last in the nine-horse field.

The mutual return on Scotch Pert was \$13.10, \$3.70 and \$5. Mouse Hole paid \$4.70 and \$3.90, and Last Roll, third, returned \$5.50.

OAK BAY GOLF

Alan Taylor scored a net 69 at the Victoria Golf Club Sunday to gain possession of the Challenger and Mitchell Cup. Dr. G. B. Bigelow was runner-up with a net 72.

The competition was 18 holes on full handicap.

Victoria-Vancouver Split Exhibition Baseball Games

Victoria All-Stars gained an even break in exhibition baseball games with Vancouver Gartschore Athletics Saturday, dropping the afternoon tie 4 to 2 and winning the nightcap 6 to 1. Small crowds were in attendance at both fixtures.

Pitching of Tommy Musgrave played a leading role in the locals' 6 to 1 triumph. The right-hander spaced eight hits, struck out six and was exceptionally deadly in the clutch. Musgrave also contributed three hits, including a double to his own case, Jimmy Crosato, formerly with the Navy club in the local league, worked for Vancouver. He was touched for nine hits and struck out 10. Extra base blows were mainly responsible for his setback.

Afternoon game was a tight affair until Vancouver took the lead with a two-run rally in the

Sensational Show By Local Driver In Langford Meet

With one of the largest fields of cars ever to participate in a local meet for the prize money, auto races at Langford Speedway Saturday night left little to be desired by more than 2,000 fans out for thrills, chills and spills.

Seven U.S. cars were on hand and an equal number of local power wagons gave them all the competition they could ask for.

In fact, Victoria stole the limelight with the competent little Digger Caldwell showing his heels to 11 other cars which started the 20-lap main event. Local boy, Jerry Vantreight also showed well, taking second place in the feature.

Caldwell was sensational all night long. First he made the fastest lap in the time trials, registering a time of 18.25 seconds for the 1/4-mile track. He then romped home first in the five-lap helmet dash and received the Jimmy Laird trophy for his showing. Then he led the field in the 8-lap first heat race.

MAD SCRAMBLE

The main event was a mad scramble with Claude Walling, Portland, starting the fun on the first lap in trying to pass Caldwell who was in the No. 1 pole position. Walling nearly overtook the local boy but spun out. On the fifth lap the local Corky Thomas in his new No. 8 car took a turn for the worst. And on the 10th three cars tangled but no one was hurt and all resumed the race after the dust had cleared. They were Pike Green and Jack Norton, Victoria, and Chris Engann, Seattle. Several other mix-ups kept the crowd on its toes.

Caldwell started first to finish first in the main; Vantreight started seventh to finish second; Fanning started third to finish third; Wensley started fifth to finish fourth; Engann started ninth to finish fifth and Gardiner started last to finish sixth. Ziegler was in second spot for most of the race until he spun out.

Oak Bay Bolsters Lead In Cricket

Oak Bay cricketers strengthened their hold on first place in the local league Saturday with a 109 to 42 triumph over the Five C's. In a second encounter Albions marked up their second win of the season at the expense of the Navy 141 to 121.

Reg Wenman, skipper of the Oak Bay club, paced his team to victory with 34 runs. He also starred at bowling with three wickets for a single run. For the C's George Payne took four wickets for 25 runs and Hepworth three for 34.

Prichard was the star of the Albions' offensive with 64 runs.

Racing Results

VANCOUVER—Racing results here Saturday follow:

First Race—Claiming; purse \$800; four-year-olds and up; six furlongs. Black Money (Slocum) \$12.90 55.35 14.65 Duddy (Bovine) 3.90 2.95 Mocha (Aster) 7.65

Time, 1:11 4/5. Also ran: Pompano, S. Grier, Blubish, Fire Engine, Groves, Camp Ground, Franklin D. Quinsella, 142.50.

Ninth Race—Allowance; purse \$800; four-year-olds and up; six furlongs. Plucky Jake (Volke) \$11.35 31.10 Plucky Jake 11.35 3.10

Athletics Drop Pair To Wenatchee Chiefs

Victoria Athletics were back in Spokane today, glad to be out of Wenatchee where they suffered a double baseball defeat Sunday at the hands of the Chiefs, 12 to 11 and 16 to 2. Twin triumph enabled Wenatchee to move back into a virtual tie with Salem for the Western International League leadership. In three games Salem could win but one from Spokane, splitting two yesterday, winning the opener 17 to 7 and dropping the second 8 to 7 in 12 innings.

A's lost the first game yesterday, a seven-inning affair, despite the fact they scored eight runs in the first inning to lead, 9 to 2, at the end of the second. In the last of the third, Wenatchee put on an eight-run spree of its own to take the lead, 10 to 9. Victoria scored two runs in the sixth to tie the score at 11-11, but Wenatchee pushed over a lone run in the seventh to win.

Second game was just a matter of too many extra base hits against four Victoria hurlers.

BASE HITS GALORE

Scores reached almost basketball proportions throughout the league over the week-end, with a total of 254 hits and 189 runs in 11 contests.

Scores ranged from Bremerton's 3 to 0 win over Tacoma in yesterday's first game to the 25 to 15 truck meet which Vancouver won from Yakima Saturday night. Bremerton has moved ahead of Tacoma in their nip-and-tuck race for third place.

Short scores follow:

First Game—
Bremerton..... 3 8 1
Tacoma..... 0 3 2

Batteries—Fiedelmeier and Volpi; Hedington and Kuper.

Second—
Bremerton..... 5 11 0
Tacoma..... 2 8 1

Batteries—Sullivan and Volpi; Jungbluth, Sostre (?) and Kemper.

First Game—
Salem..... 17 14 1
Spokane..... 7 13 5

Batteries—Gunnarson (?) and Kerr; Sadish, Raimondi (?) Mehrens (?) and Clifford.

Second—
Salem..... 7 13 3
Spokane..... 8 20 5

Batteries—Fallin and Salmon; Cadinha and Clifford.

Luxton Nine Wins First Playoff Tilt

Luxton Royals senior B men's fastball nine administered a 4 to 0 defeat to Sooke Sunday to go one up in the Colwood and District Fastball League playoff series. Next clash between the two squads in the best-of-three series is billed for Wednesday evening at Sooke, the third, if necessary, on a neutral ground Friday evening.

Winner of this series will advance to oppose Langford's pride of the big apple diamond, who finished on top by a narrow margin in league schedule play, in a series billed over the best-of-five route. This league's champion will gun for higher laurels in the island picture after the conclusion of the present playoff schedule.

Galento Fails To Enthuse Mat Crowd

Appearance of Tony Galento, former heavyweight title contender, in the role of referee, added little action to Saturday night's wrestling show. Two-ton swung a couple of haymakers at Texas Babe Sharkey during the course of his bout with Hardy Kruscamp but did no damage. Otherwise Galento confined his activities to hair pulling when the contestants got too rough.

Sharkey took two out of three falls to win the bout which produced plenty of dirty tactics.

Giant Tor Johnson lost his bout to Curtis when the latter was awarded the deciding fall. Johnson was warned to stop his rough wrestling but continued and was disqualified.

Third bout saw Butch Madray take the odd fall in three from Ted Jarvis.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

MUST SAVE FUEL GOVERNMENT SAYS!

With the mercury hitting the high spots it hardly seems appropriate to talk about winter heating! But it is wise to look ahead—do everything you can to save fuel. The government points out that homeowners cannot afford to waste fuel this year! One sure way to see that you are getting full benefit from the fuel you burn is to have your furnace, hot water tank and all heating pipes covered with Johns-Manville asbestos insulation. These J-M insulations can help you save several tons of coal a year or the equivalent in gas or oil. They keep heat from escaping into your cellar—help send it upstairs where you want it! Johns-Manville suggests you ask your plumber about Asbestocel Boiler Jackets and Pipe Coverings. He'll show you how they can save you up to 10 per cent on your fuel bills, every year.

(Answer to previous puzzle)

The DOCTOR Says:

PREPARE YOUR CHILD FOR SCHOOL NOW

By WILLIAM A. O'BRIEN, M.D.

Children who enter school next fall for the first time should be examined in the offices of the family physician and the family dentist this summer. If the family physician and dentist are not available, examinations should be arranged elsewhere.

Good health in growing children depends upon the development of such healthy habits as adequate sleep, rest, exercise, and diet, and upon the correction of physical defects. Continuous health supervision of children in school is essential if satisfactory progress is to be made.

Habits are formed in the early years, and if good adjustments are made in the lower grades the child may experience no difficulty later.

GOOD EXAMINATION NEEDED

The physical examination of the pre-school child should include measurement of height and weight, analysis of posture, determination of sharpness of vision and hearing, a thorough dental examination, and a comprehensive search for diseases or other defects.

The sixth-year molar is coming through at this time, and it needs special protection, for all the

flowed at the rate of almost a mile a minute.

Here and there lava drops over the brink of a cliff. At such a time it looks, from a distance, like water in a waterfall.

(For nature section of your scrapbook.)

other teeth of the permanent set develop around it.

Babies should be immunized against smallpox, diphtheria, and whooping cough in the first year of life. Repeat inoculations against smallpox and diphtheria are recommended by most physicians before the child starts school.

EMOTIONAL PREPARATION

A pre-school child should be started on the road toward psychological weaning from his home and mother before school starts. Emotionally immature children may be so dependent upon their mothers that leaving home to go to school is a deplorable tragedy in their lives, a deplorable situation which many mothers only make worse.

Children who have been allowed to develop normally and to play with other youngsters welcome school as an opportunity for greater association with others and as a grand adventure in living.

Preschool children should be taught regular health habits this summer, so that when school starts in the fall they will have no difficulty in getting up in the morning, in eating well-balanced meals, and in keeping their things in order.

May Not Restrict Watering This Year

The new by-pass in the waterworks system at the fountain on Douglas Street is proving so efficient that it may not be necessary for the city to institute watering restrictions this year. G. M. Irwin, water commissioner, said today.

"Of course, if we get a prolonged hot, dry spell, we may have to place some restrictions on garden watering for a short time," he said, "but so far the water pressure has been well maintained throughout the city." He said the combination of the excessively wet June and early July, together with the new by-pass had kept pressure up.

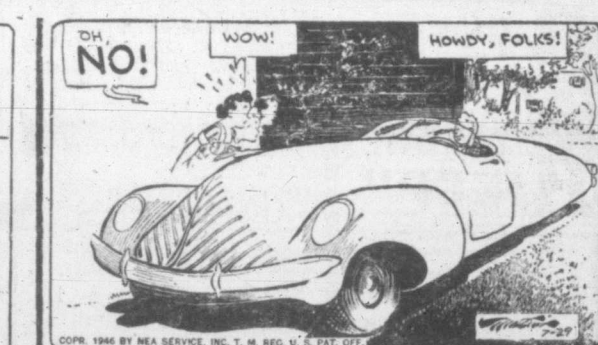

Further work on the repair and maintenance of the waterworks distribution system is continuing so that by next year pressure will probably be sufficiently high all over the city to preclude any thought of restrictions, he said.

Sanich Instituted watering restrictions last week.

Redecoration of Burnside School has been completed now and attention will be given next to the redecoration of Quadra Street School so that it will be finished before school reopens in September. John Gough, municipal inspector of schools, said today. Four of the rooms at Burnside have been done in pale green, both walls and woodwork, and two rooms are in peach. Corridors and staff rooms are in ivory with light green dado throughout the corridors.

Outdoor Mass And Procession For Catholic Centenary

Catholics of the diocese of Victoria began the week-long Centenary Celebration of the establishing of the diocese here, with Grand Pontifical Mass chanted in St. Andrew's Cathedral by Archbishop W. Mark Duke, of Vancouver, Sunday morning.

The centenary celebration will conclude Sunday, Aug. 4, on which day there will be the procession of the Most Blessed Sacrament from St. Ann's Academy to the Royal Athletic Park to mark the third Diocesan Eucharistic Congress.

Bishop John C. Cody, titular bishop of Elatea, until recently Bishop of Victoria, gave the occasional sermon on the theme "Loyalty to the Vicar of Christ," Sunday morning.

A banquet was held at the Sirocco, under auspices of the Mission Circle of the Little Flower, when the guest speaker was Rev. McGettigan, S.F.M., of Scarborough Bluffs, Ont. There was Pontifical Benediction of the most Blessed Sacrament in the Cathedral by Co-adjutor Archbishop George Cabana, of St. Boniface, with Rev. Gerald Murphy delivering a sermon on "Catholic Education."

INDIAN BANQUET
An Indian banquet was held at Loretto Hall at noon today with Rev. J. L. Bradley, superintendent of Indian missions for V.I.; Rev. P. J. Sheehan, O.M.I., Nootka, and Chief Any Paul as guest speakers. A mission address will be given in St. Ann's auditorium tonight at 8:30 by Rev. James Bennett.

Highlighting Tuesday's events will be an address by Rt. Rev. Donald MacLean, associate professor of sociology at the Catholic University of America, to be given at the Royal Theatre on "Pope Pius XII, Apostle of World Peace," at 8:30.

Also at 8:30 will be an address in St. Ann's Auditorium by Rev. Albert Leahy on "The Catholic Press and the Missions." **CENTENARY PAGEANT**
The Centenary Pageant, written by Sister Mary Dorothea, S.S.A., with the Victoria Symphony Orchestra under the direction of Melvin Knudsen, will be given at the Royal Theatre, Wednesday night at 8:30.

At 3 Wednesday afternoon, in the rose garden of Loretto Hall, blessing of the babies by the Right Rev. Abbott Thomas Meier, O.S.B., of St. Benedict's Abbey, Mount Angel, Oregon, will take place.

BABY SHOW
A baby show, sponsored by the diocesan council of the C.Y.C., open to all babies born in the centenary year, with special awards to the babies, will be held. Judges will be Doctors Aylward, Stenstrom and Smith, assisted by nurses from St. Joseph's Hospital.

Wednesday evening at 5 a C.Y.O. banquet will be held in the Chamber of Commerce with Most Rev. Anthony Jordan, O.M.I., speaking on "Youth and Catholic Action." Thursday evening at 7:45 a dinner will be held at Government House in honor of Cardinal James McGuigan, Archbishop of Toronto, who will arrive in the city at 4:45 in the afternoon.

Hearing Opens On Stolen Car Charge
Constable John Deans Blackstock who was with Constable Stanley Cornish when the local policeman was seriously wounded by a revolver bullet when the two were investigating an alleged stolen car, testified today at the preliminary hearing of Gifford Aastrom, aged 17, charged with stealing the car July 20.
John Birtelsen, 17, alleged to have fired the bullet that injured Cornish, is scheduled to appear in court tomorrow on an attempt murder charge.
Const. Blackstock testified that at 12:10 in the morning of July 20 he and Cornish were parked outside his home at 1510 Hillside Avenue when he noticed an automobile go past them traveling east on Hillside which he knew had earlier been reported stolen.
"We followed and came alongside the car at the intersection of Hillside and Shelbourne and spoke to the driver through the open window on the driver's side."
He identified the accused as

Chief Adjudicator

West Coast Highway Work Starts Today

PORT ALBERNI — Improvements to the west coast highway from Parksville to the foot of Beaufort Range began today, after preliminary work to put the cut-off road at Qualicum into shape, was completed.

Practically a new road will be made over this section, the government having already made arrangements with farmers en route for the purchase of any land to be taken over for road purposes.

Hard-surfacing will commence from the Parksville end and it is hoped that a good portion of this will be completed this year. Road-making on this section will be much lighter than that along Cameron Lake and through Cathedral Grove.

New concrete and steel bridges will replace the old wooden bridges over the twin Cameron rivers just west of the lake on the approach to the park and at Stony Creek at the southern end. Along this low-lying area the highway will be raised four and a half feet, eliminating possibilities of a flood condition during the rainy season. Two hundred and fifty acres of land clearing will be carried out to give greater visibility to moving traffic, and while it will be necessary to eliminate a few big trees in Cathedral Grove, preparation of the right-of-way will show larger trees along the road side for the delight of visitors.

Alberni Board Seeks 22 School Rooms

PORT ALBERNI — Enrollment is jumping by leaps and bounds, Trustee W. Brown told a meeting of the city council with the district school board when William Johnstone, chairman outlined the need for 22 schoolrooms, two garages for school buses and an extra building for coal storage.

Trustees discussed the need for school accommodation at the military camp and included one of the buildings which is situated within the Old Town.

The present high school will take the overflow from the elementary school in Alberni.

It is expected that each H-hut will provide six classrooms. The R.E.M.E. building could be used as school premises by day and for recreation at night.

One member from the council and one from the school board will interview the Rotary Club, which at present is in charge of this building, in order that it may serve in both respects.

The difficult question of payment to the city for the use of the buildings by the board was not thoroughly explored.

"Some thought a rental should be charged."

"If we are to supply all the space then there should be some recompense," said Alderman L. Jordan.

7 To 12 Missing After Collision
CARUTHERSVILLE, Mo. (AP) — Mississippi River men estimated that between seven and 12 persons were missing today in the wake of a mid-channel collision between a ferryboat and two heavily-loaded oil barges. One was known dead.

The craft collided about 50 yards from the Missouri shore at 9:20 Sunday night, and either five or six motor vehicles were plunged into the river with their occupants as the ferry capsized.

R. C. Vaughan Says C.N.R. Will Repair Ogden Point Docks

Any repair work needed to Ogden Point docks will very likely be done by the Canadian National Railways as agents for the Dominion government, R. C. Vaughan, C.M.G., chairman and president of the C.N.R., said on his arrival in Victoria today.

Mr. Vaughan, who is on an inspection tour of C.N.R. facilities in western Canada, was accompanied here by J. M. Macrae, freight traffic manager; Bernard Allen, assistant general superintendent, B.C. district, and Bruce Borcham, regional public relations officer.

Mr. Vaughan expressed great interest in Victoria, and said when it was considered there was a need for expansion of C.N.R. facilities here, the expansion would be made. However, he said, the C.N.R. had no large expenditures in mind for the city at present, other than those which might be needed for maintenance purposes.

The company felt C.N.R. facilities in Victoria were adequate to handle business here at the present time, he said.

Mr. Vaughan said the company was seriously considering building one ship at an early date to replace the Canadian National Steamships' Prince George, which was destroyed by fire in Ketchikan, Alaska, in September, 1945.

Tender called for construction of the new ship had arrived in Montreal after he left on his inspection tour, but Mr. Vaughan said he would deal with them as soon as he returned to eastern Canada.

The new ship would be considerably larger than the Prince George, although not as large as the Prince Robert. Passenger accommodation would be better and in larger quantity, he said.

So far, Mr. Vaughan has found the condition of C.N.R. equip-

ment and facilities to be very good in the parts of Canada he has visited. Certain work had been held up by lack of men and materials during the war, he said, but the work would now be undertaken as soon as possible.

Modernization of C.N.R. rolling stock is continuing all the time, Mr. Vaughan said, and a considerable quantity of rolling stock is now on order.

The most modern passenger cars are planned by the C.N.R. Mr. Vaughan said his company had considered use of the two-deck sleeping cars now appearing on some American railroads but they were not favored as satisfactory for the C.N.R. lines.

The present tendency is for enclosed sleeping accommodation on modern trains, he said, and the C.N.R. considers the roomette to be the most suitable.

Mr. Vaughan was very impressed with the condition of the crops he had seen in western Canada, and said he considered this year's crops would be exceptionally good. The C.N.R.'s rail ways were in excellent shape to handle the increased traffic in grain shipments the successful year will mean, he added.

While here, Mr. Vaughan visited a number of provincial government officials, including Premier John Hart. The C.N.R. president also visited company facilities in the various parts of the city. He and his party plan to leave for Vancouver tonight.

Last February, Mr. Vaughan received the honorary degree of Doctor of Science in business administration at the 48th commencement of Clarkson College of Technology, Potsdam, New York.

On July 1, he was awarded the Companion of the Most Distinguished Order of St. Michael and St. George in His Majesty's Dominion Day Honors List.

Mines, Labor Departments Clash On 44-Hour Week Law For Mines

Disagreement between the mines and labor department on application of the 44-hour week legislation to the mining industry of the province was brought out today at the first meeting of a special committee appointed by Mines Minister R. C. MacDonald to consider whether or not the shorter work week was feasible.

Harvey Murphy, who represented the International Union of Mine, Mill and Smelter Workers (C.C.L.), said he had been instructed by his membership to lodge a protest to the mines department for not allowing miners "to enjoy the benefits of legislation adopted at the last session of the House of a law which had been in effect since the first of the month but was not being enforced at the present time."

Mr. Murphy said there had been a ruling made by the labor department that the Hours of Work Act in effect superseded the older legislation which provided under the Metalliferous Mine Act a 48-hour week.

The labor department ruling, he contended, had been set aside and the 44-hour week left unenforced pending outcome of the present inquiry.

Dr. J. F. Walker, deputy minister of mines, who is acting as chairman of the three-man committee, said that whether Hours of Work Act now applied was a highly debatable point.

The mines department, he said, took the view it did not. However, the meeting was not called

to interpret legislation, but only to decide whether a 44-hour week could practically be applied to the mining industry.

PEARSON HAS POWER

Labor Minister George S. Pearson said he was satisfied that he had adequate authority under the Hours of Work Act to enforce the 44-hour week in the mining industry, but he would not enforce it so long as question was being debated by the mines department.

He told the committee that the Hours of Work Act was administered by the Board of Industrial Relations which had such broad powers that it could grant exemptions to certain operations.

He suggested that if it were necessary to grant exemptions to the 44-hour week legislation it would be more reasonable for the Board of Industrial Relations to handle applications than for the mines department to set up another board to handle such questions.

Earlier representatives of the operators had contended that, while the 44-hour work week might be reasonably applied to large operations, in small operations, where there was little for men to do during non-working hours, it would not be practicable.

Dr. Walker suggested that, since a half-shift was not practicable in many mines, the question was whether these mines would work a 48 or 40-hour week.

Mr. Murphy accused Dr. Walker of going to the miners and trying to convince them that a

Pete Hughes Regains Batting Lead Of Victoria Athletics

Pete Hughes is once again showing the way for Victoria Athletics in the batting department in Western International League baseball. The big outfielder boasts a mark of .322 on the strength of 67 hits in 208 times at bat. He has clouted 16 home runs and driven in 65 runs. Beana Marionetti, out of the game with an injured wrist, is second among the locals with a mark of .314.

Glenn Stetter of Wenatchee and Woody Salmon of Salem are running a dead heat for first place, and the six ranking batters in the circuit are separated by only 12 points in a real free-for-all.

Stetter and Salmon boast a pair of .377's; Bill Barisoff of Bremerton comes next with .374. After that are Tacoma's Kuper with .369, Bremerton's Dan Amaral with .365 and his teammate Frank Flouf with .364.

BARISOFF TOPS

Barisoff is still the slugging star of the league and sets the pace in total bases with 214, homers with 24 and runs batted in with 99. Stetter and Harlowd

Rookie Of Year Presents Problem In Major Baseball

NEW YORK (AP)—Baseball's bumper crop of newcomers, headed by such new stars as Del Ennis of the Phils, Grady Hatton of the Cincinnati Reds, Ralph Kiner of the Pittsburgh Pirates, Gil Coan of the Washington Senators and Hoot Evers of the Detroit Tigers present quite a problem for the boys who must pick a "rookie of the year."

Ennis supporters are legion in Philadelphia where he has taken his home town by storm. Although the 21-year-old outfielder dropped out of the 10 top National League hitters, for a time, he has regained his early stride after a few days on the bench.

Hatton gets the Cincinnati vote on his consistent hitting for a youngster who never played a game of professional ball before this season. If you counted in pitchers, Ewell Blackwell probably would get the first-place ballot from manager Bill McKeehie who is sold on the former soldier with the blazing fast ball. The Reds paid Hatton, a third baseman, \$25,000 for signing a contract although he came out of Texas University and the army without professional experience.

Playground Activities

Miss Betsy Cook, 2118 Granite Street, had been appointed supervisor of the Strawberry Vale School playground.

The soap box derby was the highlight of the week at Tolmie Park.

Craigflower playground's special day brought forth dogs, cats, turtles, goldfish, and a snail on parade. Prize winners were: Rickey and Don Parker, Allan Lane, Charlie Parker, Irene Lamont, Ronnie Pearson.

A new piece of equipment is being added at the McKenzie Avenue playground. The older boys and girls are helping the fathers of the district to erect a slide.

A privately owned tennis court adjoining Playfair Park has been opened to the older children of the playground. A net, three rackets, and a number of balls have been placed at the disposal of the young people.

Pictures, both moving and still, were taken by the residents when the Rudd Park kiddies held a decorated vehicle parade.

Rhythm band and folk dancing under Barbara Floyd head the list of activities on the playground at the corner of Burnside and High Street.

OAK BAY Four hundred parents and friends attended a demonstration Friday evening at Willows Beach Park and watched the organized activities of the children.

The program included a performance by the rhythm band, under direction of Miss Sheila Beckwith; singing games, under Mrs. A. J. Clark, supervisor; folk dancing, Mrs. E. J. Costain, instructor; a drama, "Peer Gynt," adapted by Mrs. Audrey St. Denis Johnson; tumbling, under direction of Miss Marian Jackson, instructor; apparatus work, E. J. Costain, instructor, and volley ball, Mrs. A. Caddell, instructor.

The visitors also saw a display of art and craft work, including clay models, carpentry, finger-painting, flower arrangements,

Hollywood Column

By HOWARD C. HEYEN

HOLLYWOOD (AP)—Bob Hope marched into the death cell of San Quentin. And Warden Clinton Duffy was on hand to see that the proceedings were authentic.

Mr. Duffy was invited by Paramount to supervise prison sequences in "My Favorite Brunette." It was his first trip to a movie studio, although he has advised a number of companies on such scenes.

The middle-aged warden was intensely interested in the photographic proceedings and more than willing to report on the movie situation in his prison.

"We show our 4,000 inmates movies on Saturday," he reported. "There are three showings: Noon, 3 p.m. and 7 p.m."

"Movies are big events for the prisoners," he said, "and they stay on their good behavior lest they lose their privilege cards, for without those cards they see no movies."

"Their favorite types of films are, in order: Drama, comedy, musicals and westerns."

No crime pictures are shown, and the westerns are not the "shoot-'em-up" variety.

In case you have any notions about moving to San Quentin just for the movies, forget it. Warden Duffy has a housing problem, too. The number of inmates is nearly double the designed capacity.

Now that Betty Hutton is vice-president of her husband's camera company, Doty Lamour tells us she has a similar title in her hubby's automobile-firm equipment agency. Such versatile actresses

Close Royal Theatre Two Days This Week

In keeping with their policy to make available whenever possible the Royal Theatre for local as well as stage and concert attractions, the management announce the Diocese of Victoria will occupy this theatre tomorrow and Wednesday, presenting varied programs for these two days in keeping with their centenary celebration.

Commencing Thursday at 12 noon and continuing through Friday and Saturday, Bing Crosby, Bob Hope and Dorothy Lamour will again be seen in their riotous hit "The Road to Utopia" which has captivated capacity audiences since the grand opening last Friday.

A record was established by

the Royal on Friday when its line-up started at 10 a.m., increasing to nearly a block in length before the box-office opened at noon. In exactly one hour the entire house was sold out for the opening night with many hundreds being disappointed in not gaining admission.

That the new Royal has measured up and even surpassed the anticipations of Victorians in the renovation of their favorite theatre, has been more than substantiated by the hundreds of highly complimentary comments received by the management.
